

# 阿丽塔1/1胸像心脏安装教程

ALITA LIFE-SIZE BUST HEART INSTALLATION GUIDE

1. 安装左导管 (左心), 必须保持管体向前看  
Insert the left tube into designated hole. You may need a flashlight to help.

2. 将右导管一端插入左管  
Insert one end of the control tube into the hole slot.

3. 右胸心脏管体位置调整顺序  
Adjust the control tube around the tubes to the right of the heart to cover it fully.

4. 左胸心脏管体位置调整顺序  
Adjust the control tube around the left side of the heart as shown in figure.

5. 右胸管体位置调整顺序  
The left external duct that covers the heart can be rotated as shown in figure.

6. 左胸管体位置调整顺序  
The right external duct that covers the heart can be rotated as shown in figure.

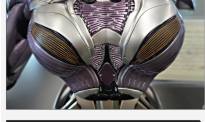

7. 将螺母拧到左、右导管穿孔处 (必须拧紧)  
The nut must be tight on the control tube and the nut and cap shown. They will be located in line to respectively.

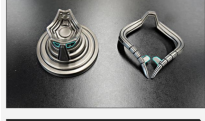

8. 将螺母拧到胸部另一侧导管穿孔处 (必须拧紧)  
The nut must be tight on the control tube and the nut and cap shown. They will be located in line to respectively.

9. 安装完成  
The installation of the heart and breast plate is now complete.

10. 心脏管体安装, 按照图中所示位置安装  
The supply tubes can be assembled as shown in figure 10.

11. 安装完成  
After completed, you can display ALITA's incredible cybernetic heart.
