Tantaly Deluxe Sex Doll Care Kit

How to avoid lubricant running all over the place? How to clean the doll more conveniently? How to dry the doll's tunnels more efficiently? When I don't use my dolls, how should I store them? Don't worry, that's what Tantaly Deluxe Sex Doll Care Kit is for! Tantaly Deluxe Sex Doll Care Kit contains one portable sex doll washer, two drying sticks, one doll storage bag and one lube applicator.

Portable Sex Doll Washer

This bulb-shaped Sex Doll Washer can give you a convenient and efficient cleaning experience. It is made of high-quality elastic memory silicone material, which can be squeezed repeatedly without deformation. By gently squeezing it, water can be sprayed out from the 4 powerful spray holes, instantly flushing sperm and lube out of the doll's tunnels. This way to clean the dolls can thoroughly and effectively prevent bacterial residues.

Sex Doll Storage Bag

If you want to keep your doll safe and clean, then you won't miss Tantaly Sex Doll Storage Bag. This sturdy but breathable fabric bag minimizes the penetration of moisture from outside and keeps the doll dry. The drawstring-designed doll bag not only prevents zipper's sharp teeth from scratching your doll, but also is dust-proof! Never worry about this storage bag will not fit your sex doll, after all, it can even accommodate most sex dolls except Aurora, Monroe and Jennifer.

Lube Applicator

Don't want the lubricant to run everywhere? The lube applicator can help you with that. This easy-to-use, reusable lube applicator puts the lube exactly where you want it. It delivers the perfect amount of lube. You won't cause any mess in using lube. The rounded tip feels smooth on the dolls and there is no sharp or left-over plastic at the tip. It can easily insert and will not scratch your beloved doll.

Drying Stick

Tantaly Drying stick is a reusable stick that can be used to absorb most moisture from your sex doll. It is made out of 100% diatomaceous earth and its porous structure makes it especially suited to absorb moisture without damaging the material of your doll or posing any danger to your health. The Drying Stick will absorb leftover fluids and help suppress the growth of bacteria inside the doll, which ensures the health of male penis.

Tantaly 236ml Lube

Applying lube on sex doll not only enhances longevity, but also reduces friction. Water-based lubricants are the most widely used lubricants, and they are specially formulated for a totally natural feel. So make sure you have a water-based lube which is latex and silicone friendly and pretty safe. Just a tiny amount of Tantaly water based lube goes a long way! That's why we directly chose it as our accessory.

Easy Cleanup

One of the biggest benefits of using water-based lubricants is that they are water-soluble. And water-based feature makes cleanup so much easier because lube can be washed off your body or sheet almost effortlessly.

Tantaly Absorbent Sticks

Tantaly Absorbent Sticks are specially designed for sex dolls. As the internal tunnels are not flat, a lot of water will remain during cleaning and bacteria will accelerate growth in a humid environment. For solving this problem, just insert the stick into your sex doll. The special material with thousands of invisible tiny holes will absorb the water immediately.

Safe Porous Material

The stick is made of Diatom mud from deep mining area. The Diatom mud is a kind of siliceous sedimentary rock mainly consisting of diatoms and their skeletons, which is odorless and safe to use. 100% diatomaceous earth and its porous structure makes it PERFECT to absorb moisture without damaging the material of your doll or posing any danger to your health.

Tantaly Heating Rod

Tantaly heating rod warms doll's tunnel like a real human! The warm and wrapped tunnel will bring you a more realistic experience. Enjoy a more realistic tunnel for a more realistic sexual experience.

Warm Experience

It seems hard to avoid the sudden shiver by cold stimulation when entering a cold doll tunnel. Tantaly heating rod here to provide you with a warm solution. Tantaly heating rods maintain your lasting excitement and stimulation.

Reliable Quality

The Tantaly rod automatically maintains temperature when heated to 48 Celsius degrees. The ABS material outside is heat-resistant and will not melt. The shape is round and won't hurt you and your doll's skin.

Quick Heating

The Tantaly rod heats the tunnel to a safe temperature of 40 Celsius degrees in a short time. You don't need to wait for a long time! It only takes 15-20 minutes to make the doll's tunnel warmer and more comfortable to wrap you.

Tantaly Renewal Powder 138g

With repeated use, the realistic skin of your sex doll may begin to lose some of its softness. This handy renewal powder is specially designed to restore and maintain the unique, soft, lifelike texture of your sex doll. It is also used for extending the life of your doll, enhancing your pleasure, and ensuring your enjoyment.

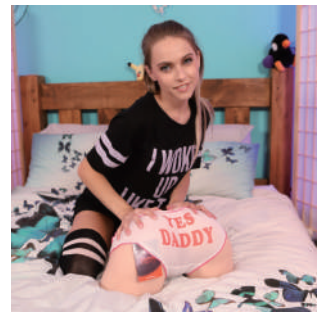

Product Safety

For this product, hydrous magnesium silicate is 90%–99.99%, and silicon dioxide is 0.01%–10%. This product has passed SGS certification, which is non-toxic and normally has no adverse effects.

Product Efficacy

This handy renewal powder is specially designed to make your doll even more realistic and pleasurable, keep it just like new and soft to touch.
