# • About Find My Passport

## ● Important Safety Information

### Please read the safety information before use.

Use Find My Passport with care. This Find My Passport wallet contains a battery pack, which will last up to 3-year.

**Important:** Contact your local waste management authority for battery disposal regulations in your area. If the battery pack is broken and the inner cell is swallowed and ingested, it can cause severe internal burns within two hours and result in serious injury or even death. Seeking medical attention immediately if you think the inner cell might have been swallowed or placed inside any part of the body.

### WARNING

- Do not attempt to disassemble the battery pack.
- Do not expose the Find My Passport to a direct heat source.
- Do not expose the Find My Passport to any mechanical stress or impact.
- Do not bend the battery pack.
- Keep the Find My Passport away from the sharp object.
- Keep the battery pack away from children.

### FCC Warning

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
