Stainless steel mobile cabinet

The metal mobile cabinet is beautifully and ergonomically designed using laser technology. It is protected with a special stainless steel nanometre coating that provides a long-lasting, ultra thin protection and easy-to-clean surface. An anti-shock material is added within the body to reduce noise and for a greater stability. It is also fingerprint-resistant. The work surface counter is a 12mm thick tempered glass to prevent corrosion. It has 5 soft-close drawers. The drawer organisers can be changed and configured to suit your needs. It has brakes on the two 3" front easy glide wheels and two 3" easy glide back wheels. Comes with a strip of silicone barrier to prevent items from falling off the glass counter. Comes with a Cabinet Tray Insert.

Size: 510mm (L) x 490mm (W) x 790mm (H).

Weight(Kg): 10

Quantity per Unit: 1
