

Netflix Installation

Step 1.

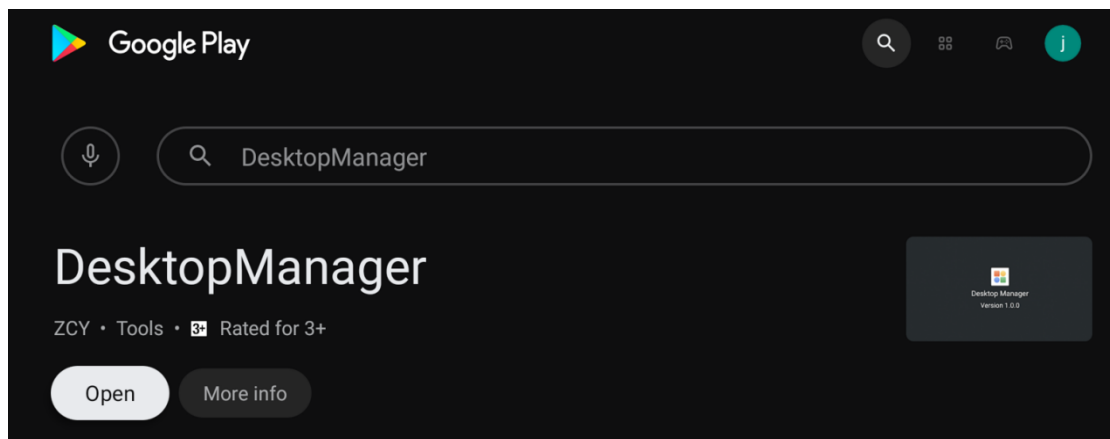

If you've installed Netflix before, please uninstall the app from your projector:

System Settings -> Apps -> See all Apps -> Netflix -> Uninstall

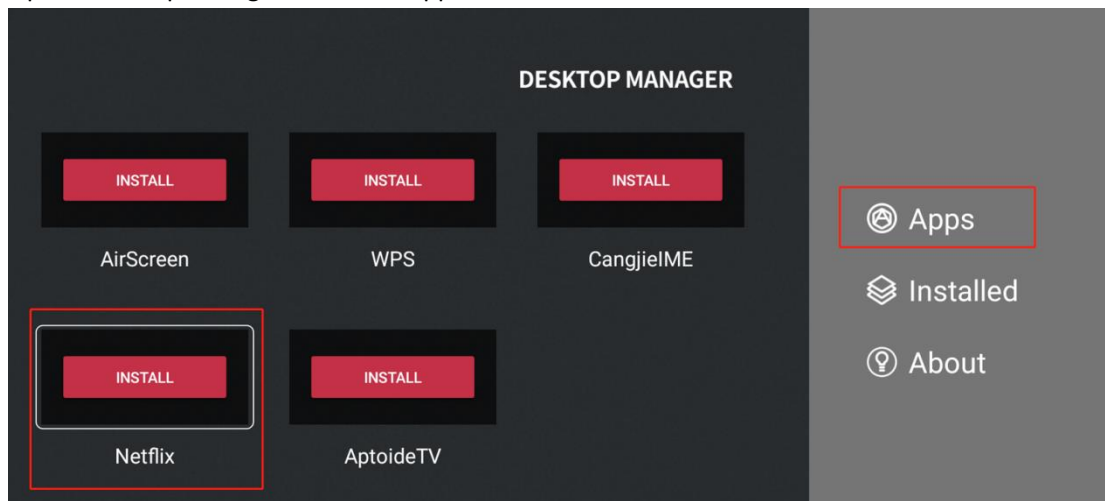

Step 2.

Please download "DesktopManager" from the Google Play Store.

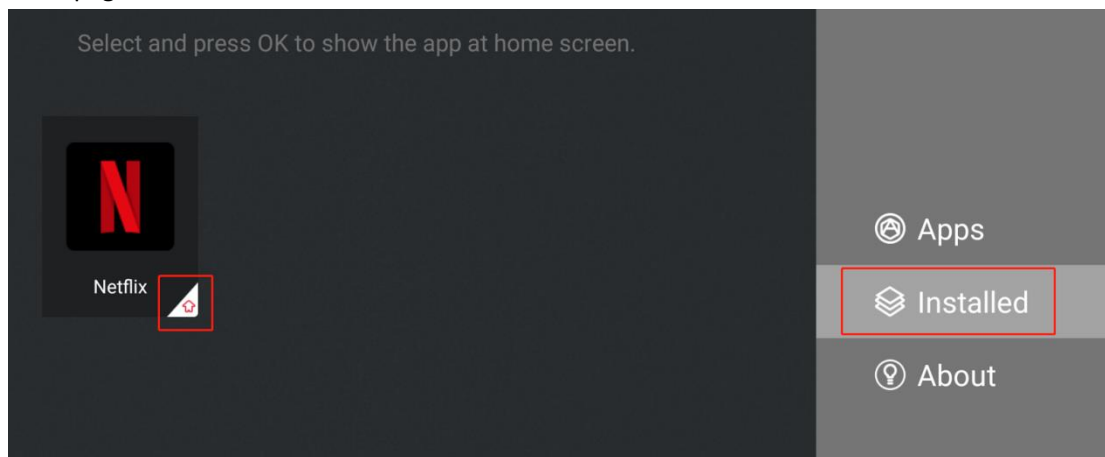

Step 3.

Open "DesktopManager" -> Select Apps -> Netflix -> Install

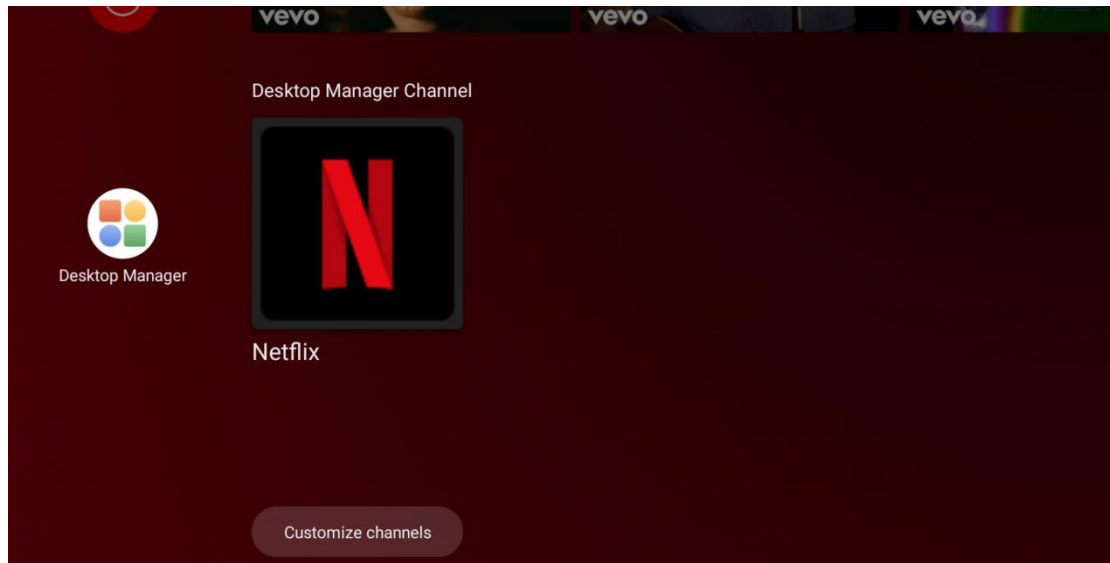

Step 4.

After installing Netflix from DesktopManager, please go to the "Installed" tab, and press the home button on the projector remote controller to add the Netflix app to the Google Android TV homepage.

Step 5.

The Netflix app can be found on the home page.

Step 6.

Please adjust the screen saver set up: Device preferences -> screen saver -> when to start -> 2 hours.
