

## GZBtech Outdoor Pendant Light Assembly Instruction For model: GZB-ELEL-PE05

Thank you for purchasing our outdoor pendant light fixture for your house decoration. We advise keeping the original packaging one month just in case of any return requirement.

### **WARM CAUTION** ⚠

1. Before starting installation or replacement, please do remember to disconnect the power by turning off the circuit breaker or removing the fuse at the fuse box.
2. Read the user manual carefully before starting installing or replacing. Always switch off the supply before removing shades/covers, changing light bulb or cleaning.
3. Take care of fragile glass components and keep tiny installing parts in good place to avoid fracture or loss.
4. Any electrical questions or worries, don't hesitate to consult a qualified electrician for assistance.
5. If you have any questions about this fixture, just feel free to send us messages through your order record, we will get back to you within 24 hours

### **PRODUCT MAINTANCE** ⚠

1. To clean the outside, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the glass and surface.
2. To clean the inside, at first disconnect power to the fixture, then use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the inside glass and interior surface of the fixture.
3. Do not use any cleaners with chemicals, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.

### **PRODUCT MAINTANCE**

3×Wire Connectors

2×Mounting Screws

## Installation Steps:

Before assembly, check all the components and parts are included and read instruction carefully.

### 1. SHUT OFF THE POWER

Shut off the power switch, also shut off the power at the breaker panel or fuse box. Use a voltage tester to confirm the fixture is not electrical energized.

### 2. CONNECT WIRES

- ① Attach the supply black hot wire to the fixture black hot wire by using a wire connector.
- ② Attach the supply white neutral wire to the fixture white neutral wire by using another wire connector.
- ③ Loop the supply copper ground wire around the ground screw on mounting bracket. Then, tighten the ground screw.
- ④ Connect the supply copper ground wire to the fixture copper ground wire using the third wire connector and place all wires carefully inside the outlet box.

**Note:** If you have electrical questions, consult your local electrician for approved wiring methods.

### 3. MOUNT THE BRACKET

Use the bracket to cover all the wires fully then use the mounting clips to fix the bracket to the ceiling tightly.

### 4. HANG THE LIGHT FIXTURE

Lock the light fixture with the pendant chain and then hook the chain to the bracket.

### 5. ASSEMBLE THE BULB

Screw and fix the Max. 60watts light bulb(not included) onto the socket of the fixture's top cover.

### 6. INSTALL THE GLASS

Screw the frame with frosted glass body into the top cover carefully, gently, and tightly. Then installation is completed. Turn on the power at the circuit breaker or fuse box. Turn the light switch on to activate the fixture.
