

# MUSHROOM CAT HOUSE

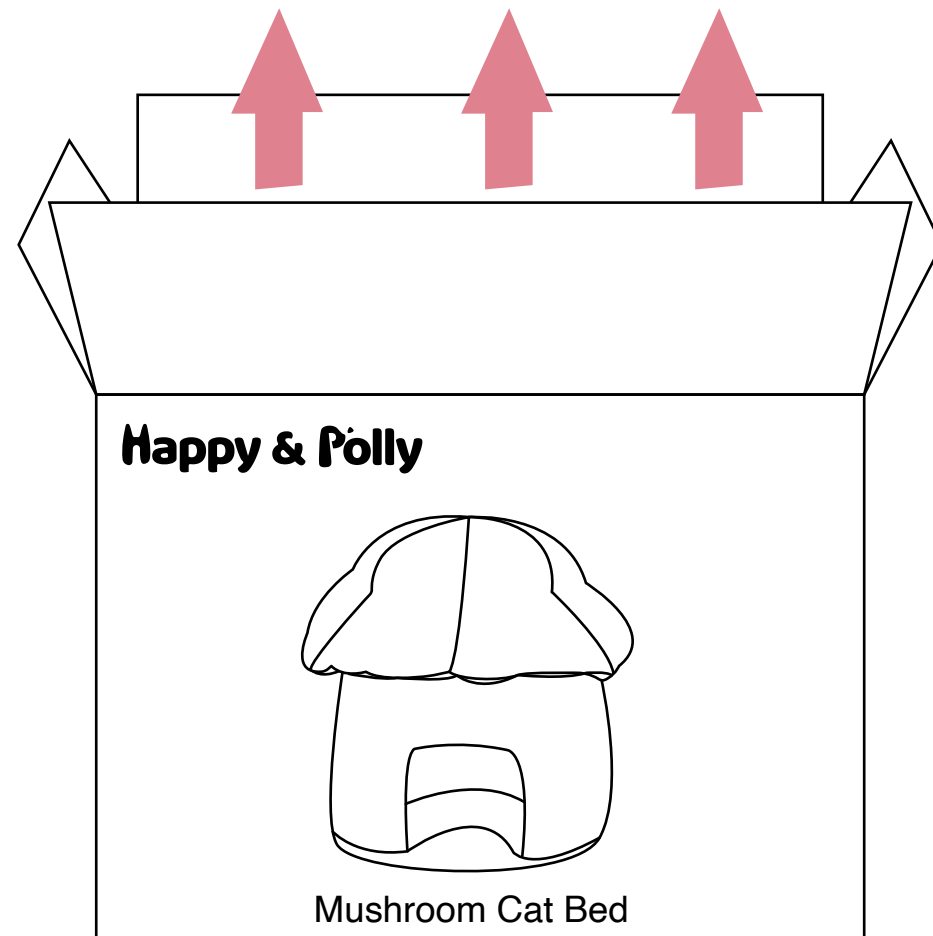

## READ BEFORE YOU START

Please identify and sort all components shown below.  
For any issues during installation, please ask for assistance at [service@happyandpolly.com](mailto:service@happyandpolly.com).

## Installation Instructions for Mushroom Cat Bed

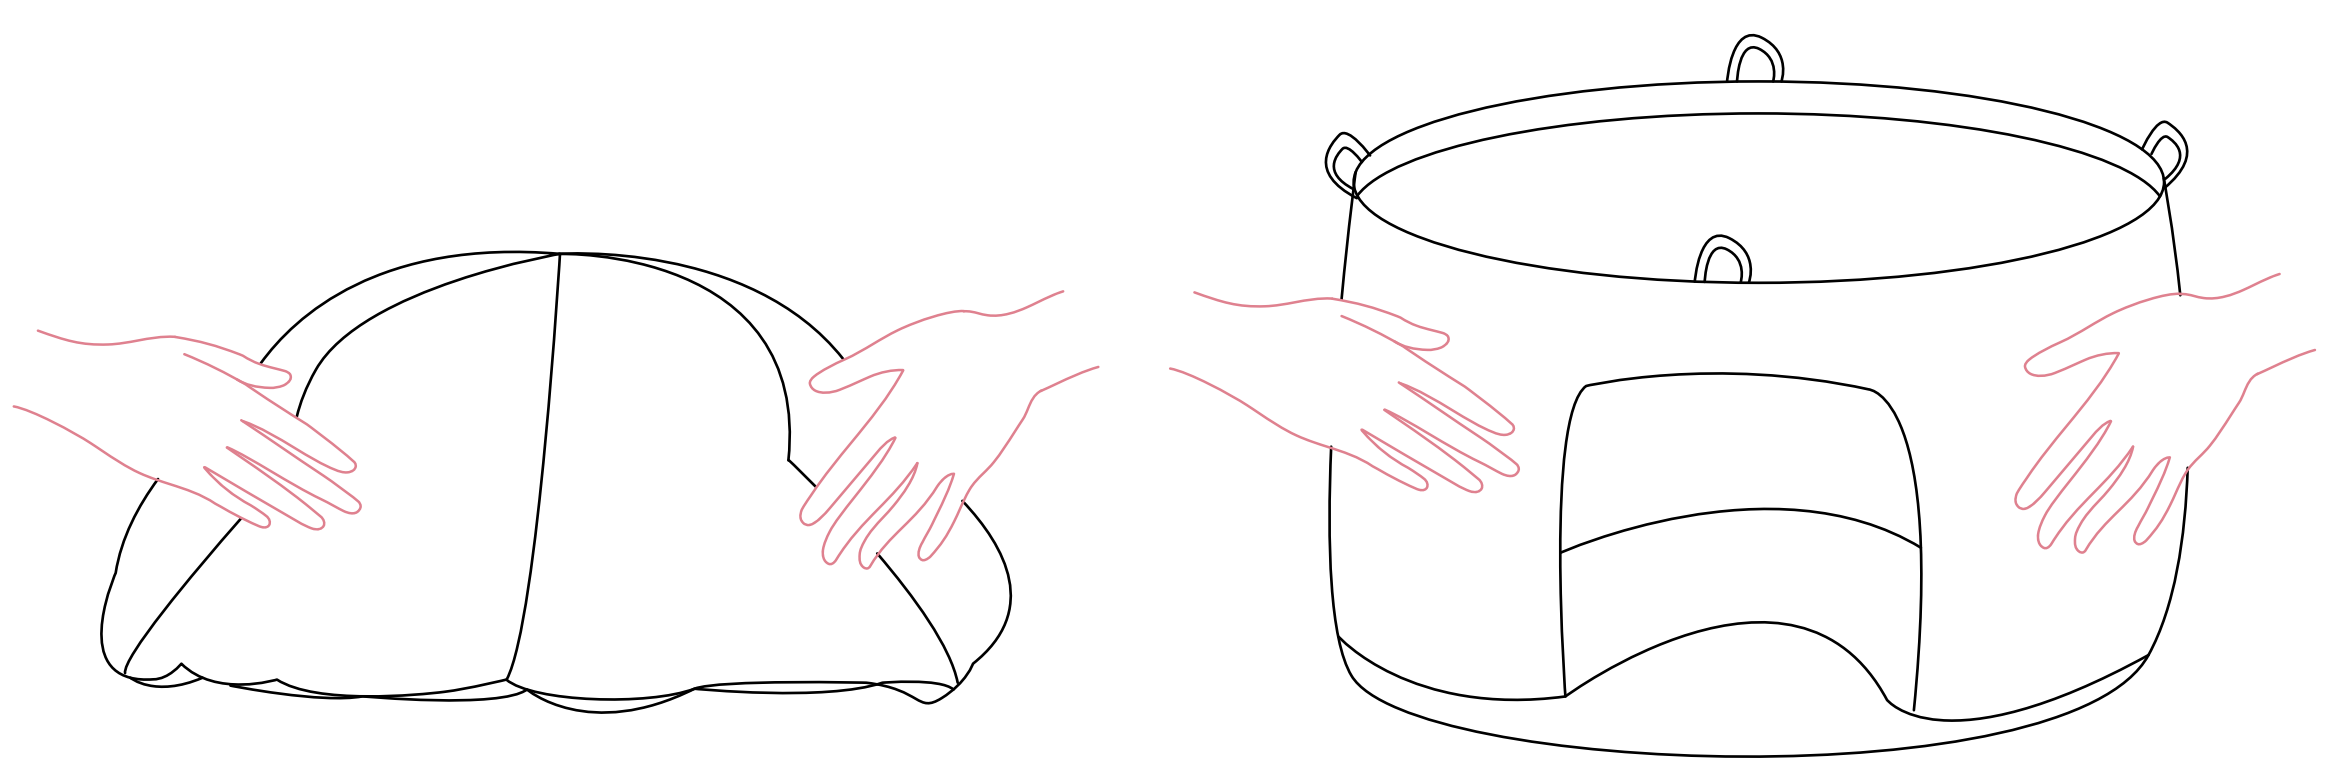

Thank you for choosing our Mushroom Cat Bed!  
To ensure the best experience for your beloved feline,  
please follow these straightforward steps to  
restore the cat bed to its original shape:

1

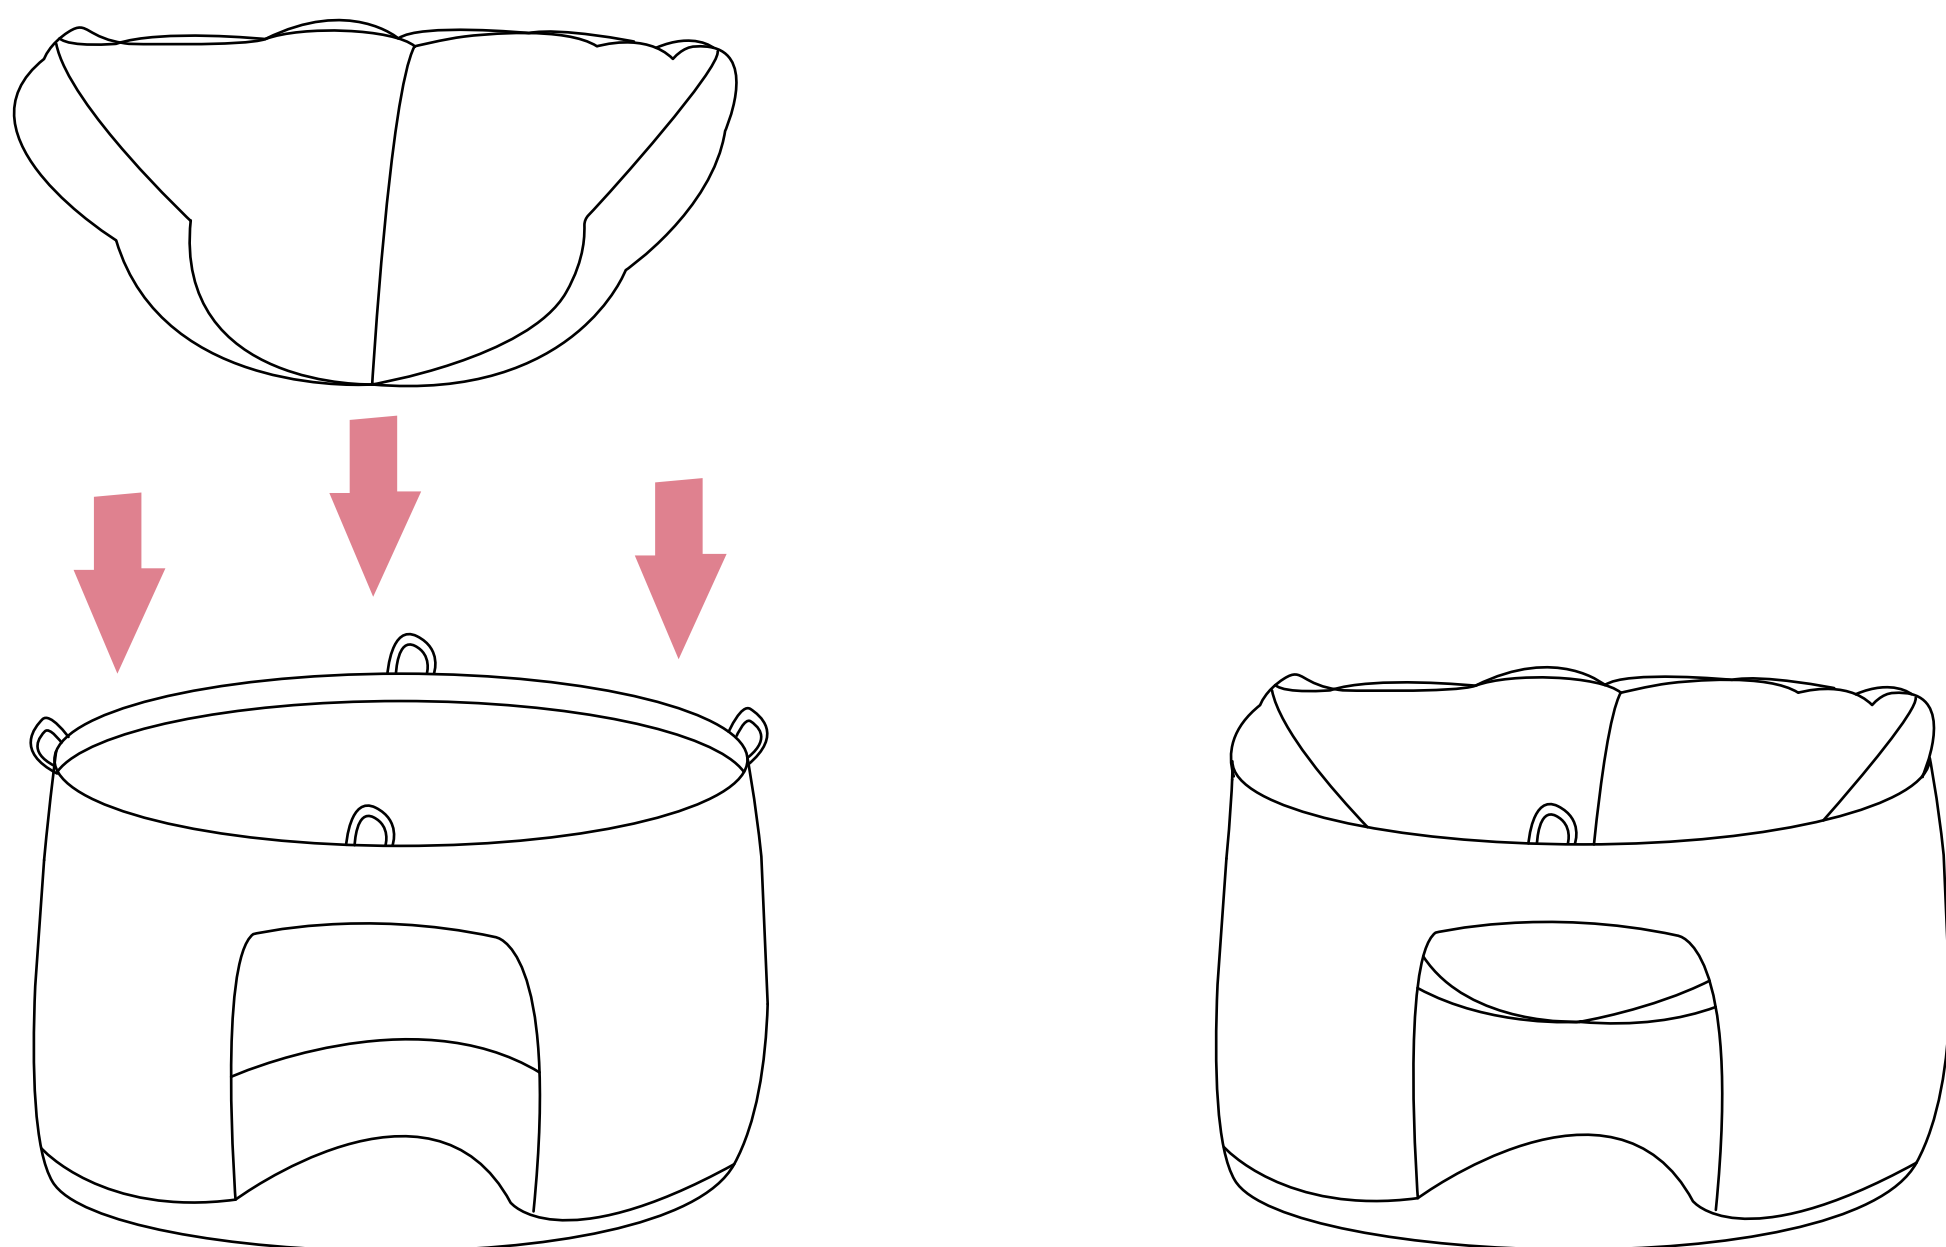

Unbox both the bottom and top components of the cat bed.

2

Gently pat and fluff the cat bed to help it regain its natural shape. A few light pats should suffice.

3

For improved stability and shape, invert the mushroom-shaped top and place it into the bottom of the cat bed. This will assist in expanding the base for optimal comfort.

By following these steps, you'll provide your cat with a cozy and inviting space to rest and play in their new Mushroom Cat Bed. If you have any questions or require further assistance, please don't hesitate to contact our customer support. We hope your cherished cat enjoys their new cat bed!
