## DESCRIPTION

The Kaiser Idell 6631 Pendant Lamps are expressive designer classics with a charming retro touch and are easy to operate. The functional task and reading light are also decorative in living rooms and offices, bedrooms and other spaces. The shades are made of lacquered steel plate. The chrome-plated elements are made of hand-polished brass soldered with silver. Depending on model and version, some Kaiser Idell lights are available in a matt black version, although they usually come with a shiny surface which accentuates the classic design.

## SPECIFICATION DETAILS

\*For custom options, consult factory for details
