User Manual

Thank you for choosing MOMAN product. Please read this manual carefully before use and follow all instructions mentioned herein.

Caring For Your MOMAN Product

- Please keep the product in a dry, clean, dust-free environment.
- Keep corrosive chemicals, liquids and heat source away from the product to prevent mechanics damage.
- Use only a soft and dry cloth for cleaning the product.
- Malfunction may be caused by dropping, impact of external force.
- Do not attempt to disassemble the product. Doing so voids warranty.
- Please have the product checked or repaired by authorized technicians if any malfunctions happened.
- Failure to follow all the instructions may result in mechanics damage.
- Warranty does not apply to human errors.

Product Introduction

How to Install Teleprompter

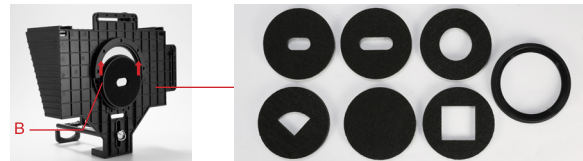

1. Teleprompter Installation for Phone

① Insert the screw to [A], then attach the phone/tablet clamp to the screw. Regulate to the proper height then tighten the screw.

Note: The phone/tablet clamp is used for phone or tablet on each side, please choose carefully before installation.

② Attach a foam ring to [B].

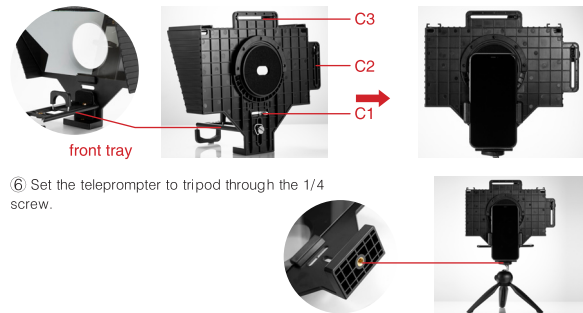

③ Install the phone clamp to the teleprompter at [C1] (additional screw required), [C2] or [C3], then tighten the screw to fix the clamp.

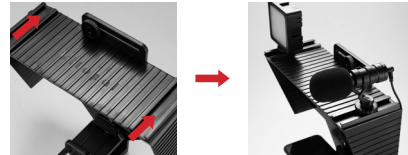

④ Set the phone on the rear clamp.

⑤ Turn on APP and place the device to the front clamp and adjust the angle accordingly.

Note: To prevent ghosting and to see clearly, user should increase text size.

⑦ Optional: Equip the teleprompter with photography fill light or microphone.

2. Teleprompter Installation for Camera

① Insert the screw to [A], then attach the phone/tablet clamp to the screw. Slide to the proper position for the clamp and tighten the screw to fix the clamp.

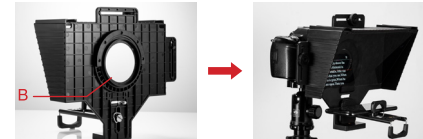

Note: The phone/tablet clamp is used for phone or tablet on each side, please choose carefully before installation.

② Choose the proper size of lens adapter and attach to the lens of camera.

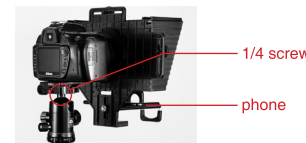

③ Mount the camera to [B].

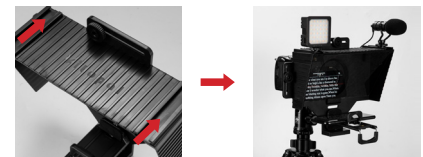

④ Set the camera to tripod through the 1/4 screw, then spin to lock it.

⑤ Turn on APP and install the phone/tablet to the front clamp.

Note: To avoid capturing the frame of teleprompter, please use longer mid-focus lens for SLR vertical shooting.

⑥ Optional: Equip the teleprompter with photography fill light and microphone through cold shoes.
