

Disposable Boot Covers

GENERAL DESCRIPTION:

- Haotai Disposable boot covers are the most economical and effective solution to keep your shoes dry and protected. Clear covers are suitable for all kinds of shoes. One size fits all. Made from a low-density chlorinated polyethylene fabric with an anti-slip, coating on the sole our boot covers resist tearing and rupturing. Elastic band provides snug and comfortable fit around shoes. Easy-on and easy-off, breathable and lightweight.
- **HEAVY-DUTY:** Non-toxic, latex-free, thicker than normal nonconductive garments are made of low density polyethylene to repel water, snow, or mud. The boot cover material is thickened and toughened, so it's hard to tear or rip easily. Water-resistant poly material prevents the penetration of water to some degree. The shoe covering is designed specifically to protect against dirt and grime. Excellent fluid resistance. First-line barrier.
- **SECURE FIT:** Disposable shoe covers with elastic band at the top provide secure fit. Excellent protection in hazardous and non-hazardous dry-dust environments.
- Single use only. Its special structure makes it possess various superior physical and chemical performances. Non-hazardous protection. 100% Recyclable.
