

Revision Date	6. 20. 2008.	Material Safety Data Sheet	Page No.	1/3
---------------	-----------------	----------------------------	----------	-----

### 1. Chemical Product and Company Identification

Product Name: Eyelash Fixer(MJB).

Manufacturer: MIJU Industris Co. 370 Bungi, Songsan-Ri, Yanggam-Myon, Hwasung-City, Korea. Emergency

### 2. Composition / Information on Ingredients

Ingredient	INCI Name	% wt
Acrylate Copolymer	Acrylate Copolymer	24
Water Aqua	Water Aqua	30
Ethanol	Ethanol	45
D-Sorbitol	D-Sorbitol	1

### 3. Hazards Identification

This product is polymers solution.

Inhalation: Vapor can cause headache, nausea and irritation of the nose, throat and lungs.

Eye: Contact with vapor or liquid may irritate the eyes.

Skin: Slightly irritating to the skin.

Ingestion: May cause pain, nausea and vomiting.

### 4. First Aid Measures

Inhalation: Remove victim to fresh air and provide oxygen if breathing is difficult. Give artificial respiration if not breathing. Get medical attention immediately.

Eye Contact: Immediately flush eyes with running water for at least 15 minutes. If redness, itching or a burning sensation develops, see a physician.

Skin Contact: Remove contaminated clothing/shoes and wipe off excess from skin. Wash exposed area with soap and water. If redness, itching or a burning sensation develops, get medical attention.

Ingestion: Get medical attention immediately.

Note to Physicians: None for this material.

### 5. Fire-Fighting Measures

Extinguishing Media: Use dry chemical, carbon dioxide, foam or spray as appropriate for surrounding fire.

Fire-Fighting Instructions: Do not enter any enclosed or confined fire space without full protective equipment, including self-contained breathing apparatus to protect against the hazardous effects of combustion products and oxygen deficiency.

Revision Date	6. 20. 2008.	Material Safety Data Sheet	Page No.	2/3
---------------	-----------------	----------------------------	----------	-----

## 6. Accidental Release Measures

Small Spills: Dike and absorb with inert material such as sand and remove all liquid with the use of a vacuum system. If unable to remove liquid, then begin to absorb with sand, saw dust or commercial absorbent, and scoop up and place in containers for proper disposal. Keep spills and cleaning runoff out of the municipal sewers and open bodies of water.

Large Spills: Use same procedure as small spill.

## 7. Handling and Storage

Handling Precautions: No smoking, spark or open flames when handling this product.

Keep away from possible ignition source.

Storage Requirements: Keep container tightly closed when not in use. Do not get in eyes, on skin or on clothing. Monomer vapors can be evolved with material is heated. Containers, even those that have been emptied, will retain product residue and vapors and are subject to proper waste disposal, as above.

## 8. Exposure Controls / Personal Protection

Protective Clothing/Equipment: The use of gloves impermeable to the specific material handled is advised to prevent skin contact and possible irritation. Use Chemical Goggles if splashing may occur.

## 9. Physical and Chemical Properties

Appearance: Liquid

Color : colorless pH:

8.0

Water Solubility: Soluble

Boiling Point/Range: 100-165 deg °C

Viscosity: 150 – 250 mPa.s

Flash point : 80 deg.c(TCC)

## 10. Stability and Reactivity

Hazardous Decomposition Products: Thermal decomposition may yield acrylic monomer, carbon monoxide and carbon dioxide. Unidentified organic compounds in fumes and smoke may be formed during combustion.

## 11. Toxicological Information

Ingestion: Moderate toxicity if swallowed. Small amounts swalled incidental to normal handling operation are not likely to cause injury, however, swallowing larger amount may cause serious injury, even death

Eyes: May cause sever eye irritation and may result in permanent impairment of vision, even blindness

.

## 12. Ecological information

Mobility and bioaccumulation potential, and degradation is expected in soil environment.

## 13. Disposal Consideration

---

Revision Date	6. 20. 2008.	Material Safety Data Sheet	Page No.	3/3
---------------	-----------------	----------------------------	----------	-----

Dispose of unused product or contaminated product and materials used in cleaning up spills or leaks in a manner approved for this material. Consult appropriate federal, state and local regulatory agencies to ascertain proper disposal procedures.

14. Transport information :

Product is not classified for any mode of transportation

15. Regulatory Information

EC Classification and user label information

16. Other information

The information contained herein is based upon data and information available to us, and reflects our best professional judgment, but is offered without guarantee or warranty. This information is furnished upon the condition that the person receiving it shall make his own determination of the suitability of the material for his particular use.
