HB2030 User Guide

Multifunctional Hub

Product Introduction:

The HB2030 is a 10-in-1 hub that connects through a Type-C port, helping you work efficiently while solving the problem of a single interface on your laptop. It can connect to external devices and project files during meetings to meet your high-frequency office needs.

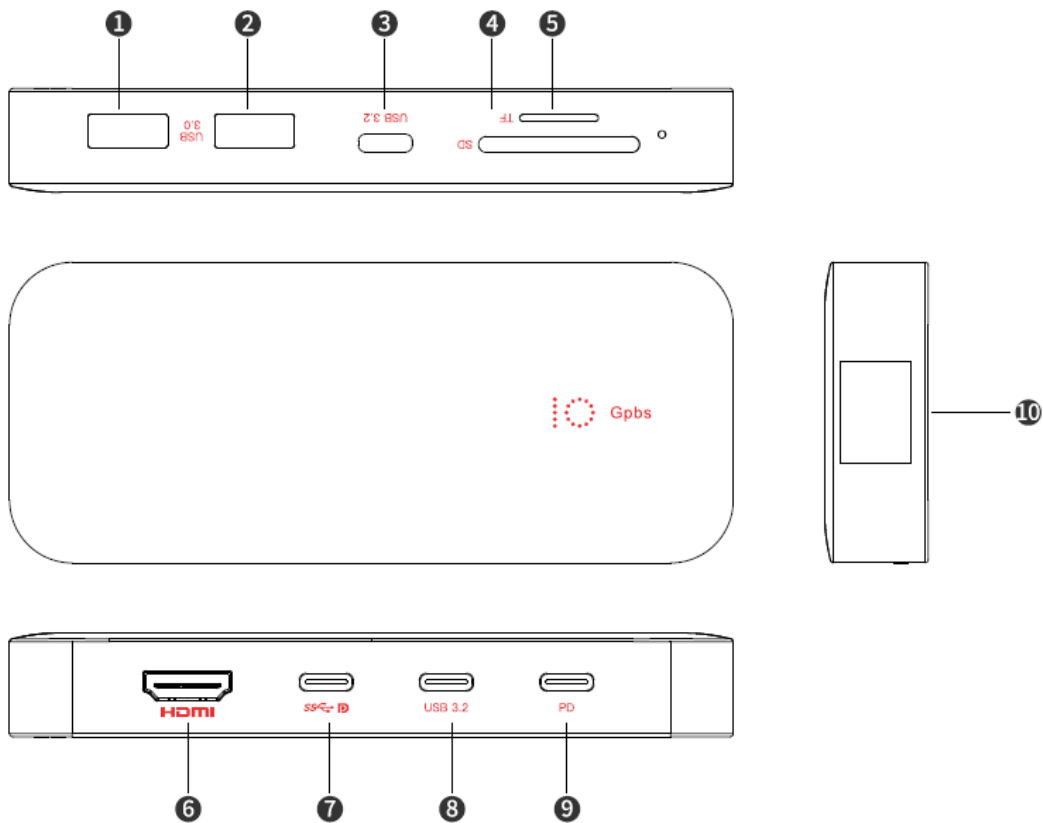

Features:

• 2* USB 3.2 Gen2 Type-C ports: Up to 10Gbps and backward compatible with USB 3.0/2.0/1.1/1.0.

• 2* USB 3.0 Gen1 Type-A ports: Up to 5Gbps

• 1*USB-C port for data and video transfer: Supports 10Gbps data transmission and 4k@60hz video transmission.

• PD: Supports up to 100W PD charging

• HDMI: Supports resolutions up to 4K@60Hz

• RJ45: Supports 10/100/1000Mbps

• SD and TF ports: Can use SD and TF cards simultaneously

• Built-in USB-C data cable

• Plug and play, no need to install drivers

• Compact and portable

• Compatible with Windows 7/10/11, Linux, macOS 10.2 and above versions.

Interface Introduction:

1. USB-A 3.0

2. USB-A 3.0

3. USB 3.2 Gen 2 Type-C

4. TF

5. SD

6. HDMI

7. USB-C for Video and Data Transfer

8. USB 3.2 Gen 2 Type-C

9. PD

10. RJ45

Product Specifications:

Product Name	Multi-function Hub
Product Model	Inateck HB2030
Size	156mm×48mm×17mm
Material	ABS
Weight	67.2g
Color	Silver
Upstream Interface	USB-C
Downstream Interface	USB-A 3.0*2, USB-C 3.2*2, PD*1, HDMI*1, USB-C for video and data transfer*1
Supported Operating Systems	Windows 7/10/11, Linux, macOS 10.2 and above

FAQ:

1. Q: What is the total bandwidth of the HB2030?

   A: The total bandwidth of the product is 10Gbps. If multiple hard drives are used at the same time, they will share the 10G bandwidth.

2. Q: What should I do if there is no response after connecting to the display?

   A: First, determine whether the connection is through HDMI or Type-C signal. Then, adjust the signal input on the corresponding display. You can plug and unplug the interface a few times to display normally.
