

## I. MacOs Driver installation

Insert the U disk that came with the package, and open the <u>MacOS Setup</u> folder to install the driver (or visit our website https://www.jioseprinter.com to get it) >>>

#### ► Note

Make sure the label printer is connected to your computer with the USB cable and turn ON ((I=ON) **before installation**.

MacOS Setup
Windows Setup
Jiose USER GUIDE

Then, unzip the driver file >>>

Double click the extracted files of the driver, it will show on the right >>>

Still double click the JiosePrinter-Driver.pkg as the arrow pointed to install the driver >>>

And it may shows the page on the right, please don't worry. You just need to open the access along the lines of steps >>>

Click the "Security&Privacy" >>>

Click the "**Open Anyway**", then you can continue to install the drive >>>

Double click JiosePrinter-Driver.pkg again to install the driver. Then, it will show on the right >>>

Click "Install Software" and "Install" after entering your Username and Password >>>
