Recommended potted plants

1. Herbs: Basil, Parsley, Thyme, Mint, Dill etc.
2. Flowers: Dianthus, Coreopsis, Gazania, Phlox etc.
3. Succulents: Cotyledon, Sedum, Echeveria etc.

Gardening tips

1. Ideal temperature: 65-76°F/ 16-24°C.
2. 16 hours on and 8 hours off with strongest brightness is the best setting for plants to grow better and faster as only when plants get enough DLI (Daily Light Integral), will they grow faster and stronger.
3. The indoor garden only offers the necessary light for the growth of plant. Reasonable moisture, nutrients, temperature and timely maintenance and other essential factors are also necessary to maintain the health of plants.
