敢不同的勇气

哈氪，诞生于2019年，致力于打造可穿戴的运动音频品牌。基于对年轻人群运动生活场景的长期观察，我们发现耳机已不止是最初传递音乐的运动陪伴工具。

在未来智能运动装备的多元化发展趋势下，从听音工具到科技穿搭，更加贴合年轻人的运动需求。以运动时尚诠释科技产品，颠覆技术想象，创造新的可能性。敢于打破常规，用行动和创造力，让不可能成为不可思议。

SPORT & MUSIC

COURAGE OF BEING DIFFERENT

HAKII, Born in 2019, HAKII is dedicated to creating a wearable sports audio brand. Based on long-term observation of the sports lifestyle of young people, we have discovered that headphones are no longer just a tool for delivering music during workouts.

With the diverse development trend of future smart sports gear, they have evolved from listening devices to technology accessories that cater to the needs of young people. The brand interprets technology products through sports fashion, challenging technological imagination and creating new possibilities. We dare to break the norm with action and creativity. We make the impossible become incredible.
