

ASSEMBLY INSTRUCTIONS:

CAUTION: Please be aware there are sharp edges on the metal panels that may cause injury. The use of protective equipment such as gloves and closed toe shoes is recommended.

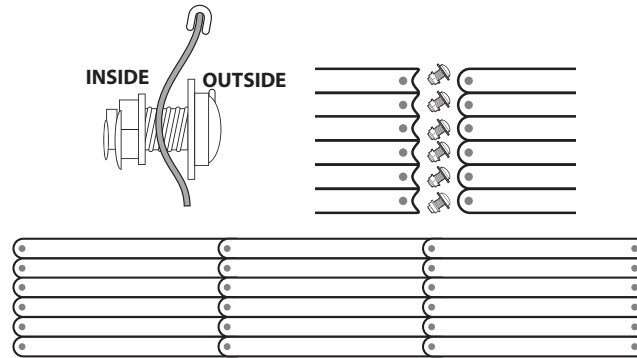

WHAT IS IN THE KIT:

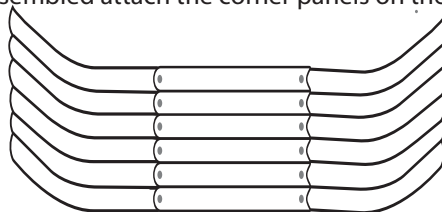

PartNO.	Description	Qty.	Parts
A	8 Corners 31.5"	8 pcs	
B	4 Long Panels 31.5"	4 pcs	
C	1 Bag Bolts, Washers and Nuts 66 short + 6 long	66 + 6	
D	1 Wrench Tool	1 set	
F	1 Rubber Safety Edging	1 set	

Step 1) Lay out the Corners and Panels
Remove the protective film prior to assembly

Step 2) Assemble the side panels layering one on top of the next to complete your side walls
Attach the panels and corners with the bolt and washer on the outside and the nut on the inside
Hand tighten up then finish tightening with the wrench tool provided or a metric number 10 hand ratchet

Step 3) After your side panels are assembled attach the corner panels on the outside of the side panels

Step 4) Push the safety Rubber Capping onto the top edge of the garden bed
Cut off the extra length and make sure the edging is securely attached

Frequently asked questions:

WHAT'S A MODULAR RAISED GARDEN BED?

The Olle Raised Garden Bed is a DIY modular system that can be designed into multiple configurations to fit your backyard or patio. The 12 configurations or shapes and sizes are assembled by using the (4) corners and (8) side panels.

WILL . . . THE OLLE RAISED BED GARDEN OVERHEAT?

The answer is NO. Our Galvanized Steel panels have been coated with "Aluzinc" powder coating which will reflect the sun. The powder-coated panels maintain consistent soil temperatures, as compared to Concrete, Plastic, and Wood garden beds which will absorb the sun and retain high heat temperatures during the day and throughout the night.

GROWING IN THE OLLE RAISED GARDEN BED...IS IT SAFE?

The answer is YES. The Olle Raised Garden Bed is made with the "Aluzinc" powder-coated panels that will last in your yard for many years. The coating provides great resistance to different acidity levels found in most garden soils creating a safe and healthy garden environment.
