

**Q1: Can it be played continuously throughout the night? If so how many hours?**

Yes. This portable sound machine can run for up to 20 hours on a single charge, and you can run it all night without the automatic timer. If you want to turn it off regularly, you can only set the optional sleep timer to 30, 60, or 90 minutes, and then slowly go to sleep.

**Q2: I bought this for travel. Can I charge it in the car?**

Yes. You can charge it with the USB ports in your car.

**Q3: Can this be used internationally using an adaptor? Do I need a converter when traveling abroad to charge it?**

Yes, it can be used internationally with an adapter. The built-in 1500mAh USB rechargeable battery can be charged through any USB port, such as a plug, power bank, or laptop. If you don't have one, you will need an adapter when traveling.

**Q4: Can I turn on the night light with the sound off?**

Yes. You can press Pause to turn off the sound, and then adjust the light so that you can enjoy the silent night light.

**Q5: Can it be used while charging?**

Yes. It can be used normally while charging.

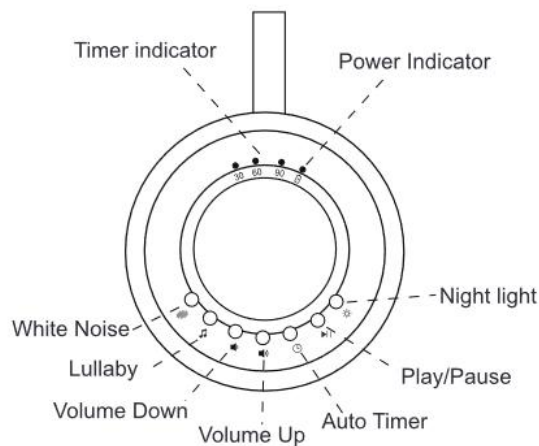

**Q6: Can the volume be adjusted?**

Yes. There are 7 Levels of Volume from 55 decibels to 80 decibels. You can customize volume according to the distance and environment to meet the needs of different moods and demands.

### Q7: How do I know when the device is fully charged? How long will it take?

When charging the battery, the power indicator is red. Once fully charged, the indicator light turns green. It will take 4-5 hours to fully charge.

## BUTTON INDICATION

### Q8: Can I get the safety clip off the machine ?

Yes, it is detachable. The safety clip part can be easily and quickly removed from the base of the sound machine or be re-installed on the machine. The machine is equipped with a safety clip that can be easily fixed on the crib, baby carriage, car seat, door, and other places.

### Q9: Does it work with batteries?

No, It can only be charged via the USB port. The battery lasts up to 20 hours and is equipped with a convenient USB charging cable.
