EC Firmware Upgrade	3

About this guide

This guide is designed to how to update EC firmware of Lincplus P1. For more info, see the content as below in this guide.

EC Firmware Upgrade

1. You need to prepare a USB flash drive.

PS: Please back up the important files on your laptop and USB flash drive, because during upgrade EC firmware, the USB flash drive need format and the laptop may couldn't start in some unexpected case.

2. Then you should format the USB flash drive first. Insert your USB flash drive into laptop (Any laptop is OK), at "**This PC**" find your USB flash drive, and right click it, then you can find "**Format...**" and click it:

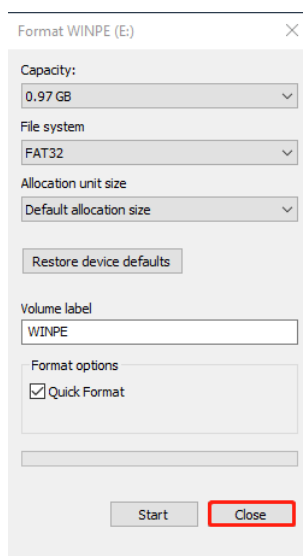

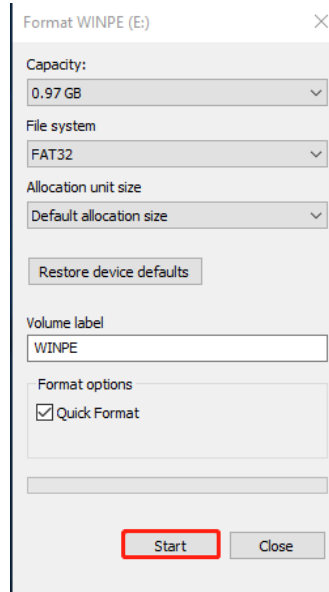

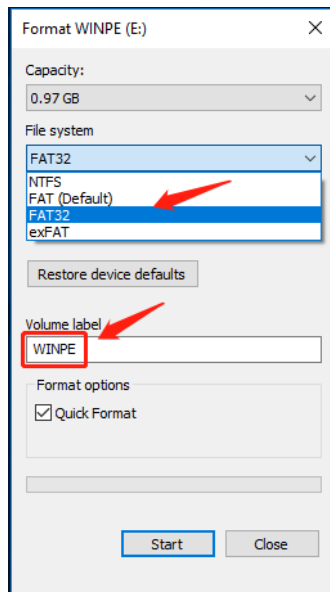

LincPlus **P1**

3. Choose the "**FAT32**" item and set the USB flash drive's label as "**WINPE**", then click "**Start**" button, after formatting finished, click "**OK**" button, finally click "**Close**" button, the USB flash drive is ready to use:

PS: You must follow this step strictly, or the USB flash drive may not be recognized. Don't change the "FAT32" file system.

LincPlus **P1**

4. Download the EC firmware files, Please select the correct version:

English EC firmware download link:

https://1drv.ms/u/s!Ap_DPeP7sjTymQChgjqTgR8O4KNE?e=NRijKD

German EC firmware download link:

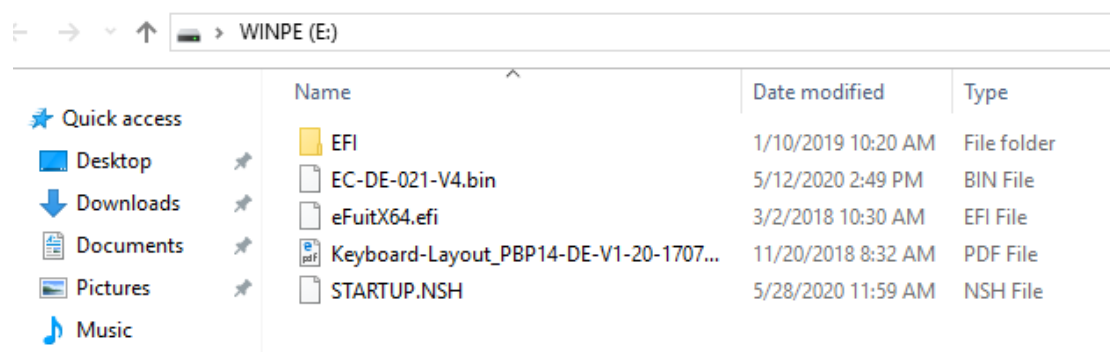

https://1drv.ms/u/s!Ap_DPeP7sjTymH-gxXS-qMXJHcaX?e=pM4m6m

French EC firmware download link:

https://1drv.ms/u/s!Ap_DPeP7sjTymH5QqHLBT8JcyuJN?e=8cc1rf

5. After downloading, then extract and copy the EC firmware files into the root directory of USB flash drive, the ready state is as below screenshot:

PS: You must copy the files into the root directory, don't into any other directories.

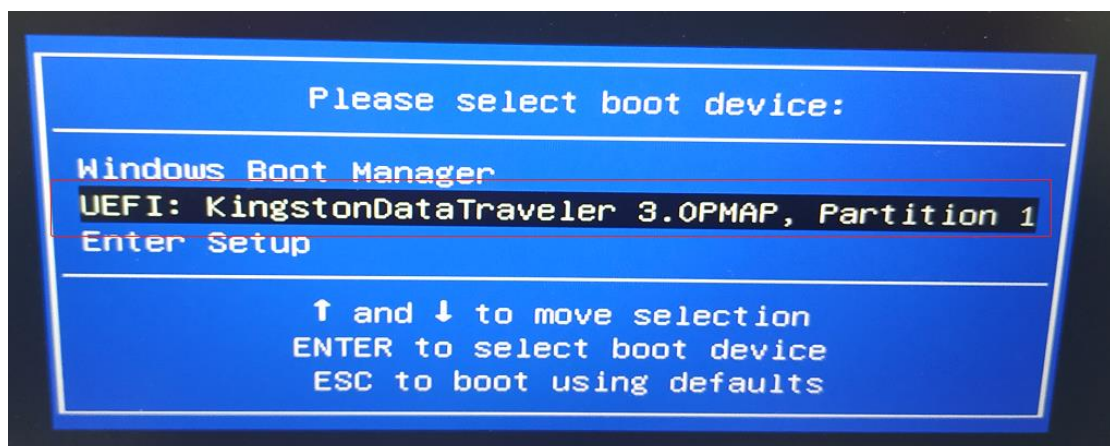

6. Insert the USB flash drive into the USB port of laptop. Turn on the laptop press "**Fn**" + "**F7**" until boot option appears in the screen. (hold down "**Fn**" and knock "**F7**" continuously)

LincPlus **P1**

7. Then you can see the picture appears in the screen. You should choose your USB flash drive, and press "**Enter**":

(My USB flash drive is KingstonDataTraveler, you need choose your own USB flash drive)

8. The EC firmware will be auto update , after finishing the updating it will

appear "**Update EC Rom sucessfully!**",it means the EC firmware upgrade succefully:

```
ITE Flash Utility Version : D.2.9
                        ---- Mar 15 2016  10:23:39

Device ID              : FF FF FE FF
SPI Vendor             : ITE eflash

Eraseing...           : *****
Erase verify...       : *****
Programing...         : *****
Programe verfiy...    : *****

Update EC Rom sucessfully!

'goto:' is not recognized as an internal or external command
or batch file
not find fs4
not find fs3
fs3:\>
```

LincPlus **P1**

9. Press the power button and the laptop will power off,and then remove the USB flash drive;

10. Waiting for several minitues,and you could power on your laptop again.

★★★★☆ Schickes, handliches und preiswertes Notebook für den Office-Einsatz...

27 November 2018

Verified Purchase

Der Akku meines alten 10 Zoll Netbooks hat aufgegeben und dies habe ich als Anlass genommen, auf ein etwas größeres Notebook umzusteigen. Aufgrund des Aussehens und Preises habe ich mich für das 13,3 Zoll Notebook von HP entschieden.
