

**mama  
koala**

Unbeatable Prints. Affordable Prices.

*For the loves of our babies,  
trees and our earth.*

*Mama Koala was born from a mother and father's love for their children. We are working to ensure the highest quality products that anyone would feel confident using on their babies, and we believe our values and production reflect that.*

*With quality, safety, functionality and appeal at our core, we make it our duty to produce merchandise that is not only easy to use but also environmentally friendly and durable. All Mama Koala products have been researched and developed extensively by our team of designers and product technician.*

*They work hand-in-hand to ensure clean, safe, responsible, fair-wage manufacturing. All of our cloth diapers are CPSIA compliant. We ensure no harmful dyeing agents have been added during the manufacturing process through lab tests conducted by Consumer Product Safety Commission (CPSC). We are firm believers that only the best is good enough for your little ones, a philosophy that is meticulously carried through from start to finish of our products.*

*We're committed to creating the safest and most innovative products that stand the test of time and keeping it affordable. Rest assured that every Mama Koala product, from the cloth diaper to the insert, has been designed, developed, crafted, and created with integrity, ingenuity, and safety in mind.*

*Mama Koala wants to make it easy for more families to use cloth diapers. Today, Mama Koala reusable cloth diapers are sold worldwide through Amazon and Retailers, such as United States, Mexico, France, United Kingdom, Australia, Japan, Singapore and other thirty-three countries.*

Qualification

CPSIA certification ▲

# *Our Mission*

*At Mama Koala, we have an important mission - to develop good, functional and safe products for the littlest ones. With our state-of-the-art production factories you can be confident of a regular and reliable product supply that meet the highest quality and safety standards. Each of these sites adheres to strict quality controls throughout the manufacturing process. We utilize advanced machines - thermoplastic polyurethane (TPU) film machine for example - to ensure we continue to deliver soft but very tough water-proof fabric. For ensuring customers receive products free from defects, every single one fabric cut-part need to pass through visually check. No flaw was too small to escape their eagle eyes.*

*Many of the people who work for us are themselves parents. This is why it is particularly important for us to be able to provide a safe, secure and healthy working environment for all our employees and suppliers. We believe that only happy employees can produce satisfactory products and provide satisfactory services to customers.*

*People always come first. We recognize the value of employees and respect all rights and interests of employees. We're committed to safeguarding human rights, labor rights, health and safety, and the environment in our supply chain.*

*We ensure safe working conditions, fair worker treatment, and responsible environmental practices. We uphold workers' human rights and treat workers with dignity and respect; reject any use of forced or child labor; set reasonable working hours; avoid discrimination; and conform to industry-standard health and safety practices. We provide employees above-average wages, work break rest room and transportation subsidies and other benefits.*

# *Meet Our Factory*

# Meet Our Designers

*Most of our designers who work here are parents, too. While our team is a diverse mix of professionals with varied interests, there is a common thread - They are all passionate about designing for babies and love making a difference and helping families with small children in their everyday routines. That's why they are constantly develop new prints based on their unique creative idea.*

"I was inspired by the beautiful sunset over the sea when I was traveling with my family. And I hope to show the happiness I felt at that time in the prints. The color is selected from the oil painting created based on the photos taken at that time, a large area of warm colors is used to create an ambiance of elegance and warmth."

----Tanya

"This design is intended to represent a family hugging in a garden. A silhouette of parents lovingly kissing their little baby on the forehead in the starry sky. They loved each other so much! I like to express my love in such a design way."

----Helen

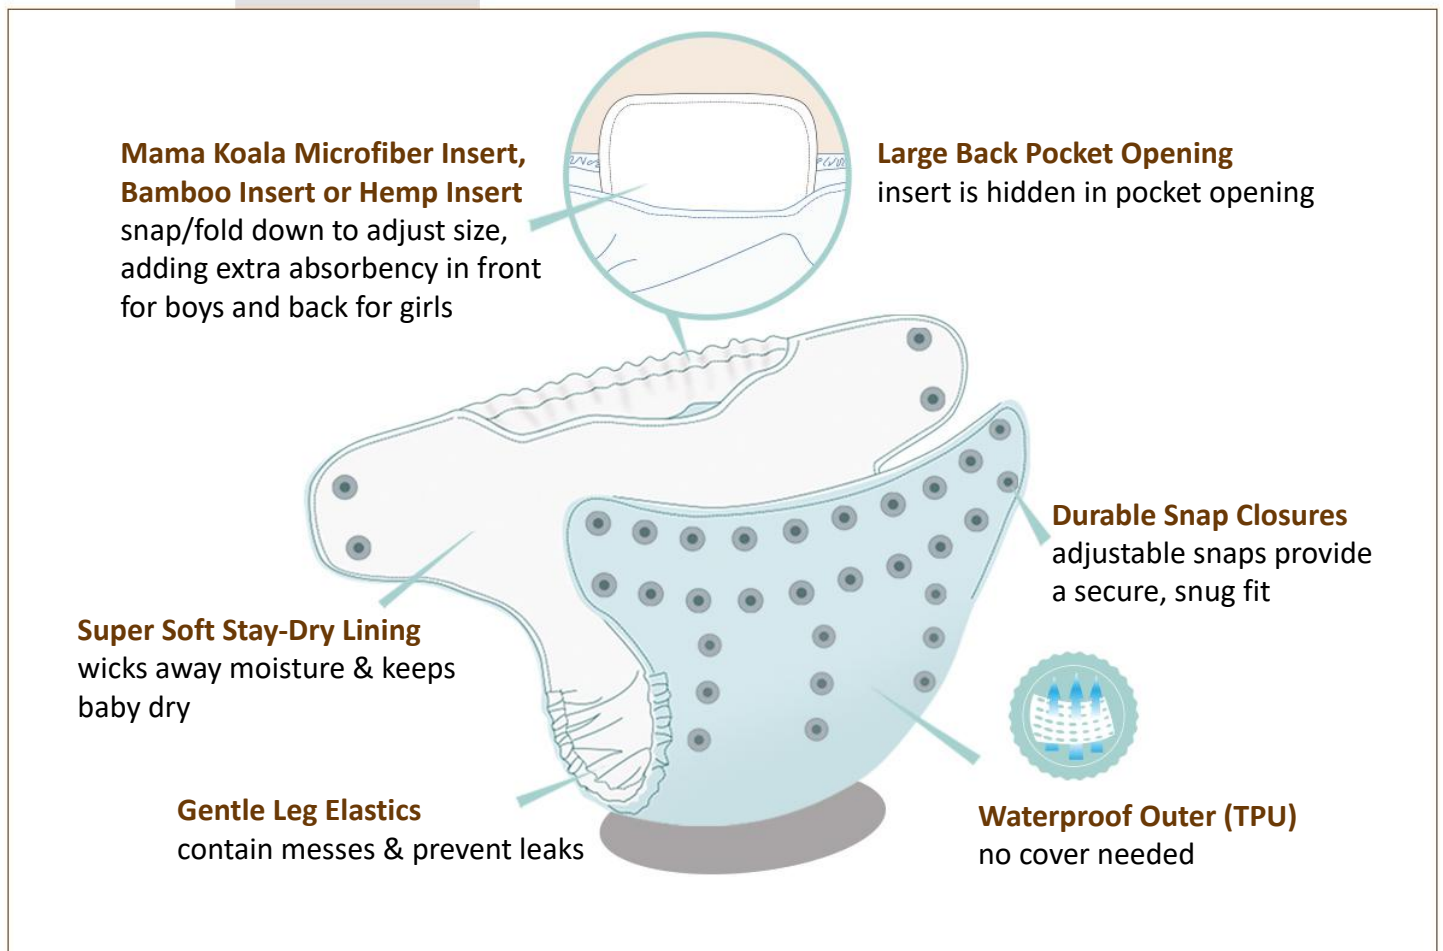

"This design was inspired by daisies. The daisies symbolize innocence, purity, peace, the beauty of purity, and the deep love in the heart. In Norse mythology, the daisy is Freya's sacred flower. To cater to the breath of spring and the combination of rural style, I chose the light texture of denim as the background color of this design. Giving the baby more intuitive contact with nature."

----Mars

# 1.0 One Size Pocket Diaper

## Composition:

100% Water Resistant Polyester TPU, 100% Polyester

## Details:

The pocket diapers are available in polyester and minky, there are soft and smooth short plush fabric on the outer of minky diapers.

Waterproof TPU to ensure water resistant and to avoid leakage.

Large pocket opening makes it is easy stuffing and keeps inserts in.

Gentle leg elastics and durable 3x3 rise snaps adjusts the sizing to fit 8-35lbs.

## How to wash:

Pre-wash: Wash all diapers and inserts hot (104F/40°C max) at least once before use, using a cloth diaper safe detergent.

Wash new bamboo products hot with detergent 3-4 times to bring them to maximum absorbency. No drying is needed

between washes. Daily wash: Shake off poop into the toilet. Cold pre-wash, no detergent. Wash hot (104F/40°C max) with detergent. Extra rinse.

No laundry additives. Line dry or tumble dry low. No bleach. No fabric softener.

## Things to note:

Nobody wants a cloth diaper to leak. 99% of the time a leak is due to fit, too long between changes or not enough absorbency. As you know, babies come in all different shapes and sizes. So you might need to change more frequently at first to avoid any leaks.

Large

# Inserts

## Hemp Inserts

Composition:

Hemp layers: 45% hemp, 55% cotton

Details:

One Size Hemp Insert and Newborn Hemp Insert options.

They are very suitable for wet babies, good for night use.

The fold line process is used to adjust the size of the inserts, then it can match the size of the diaper.

Description:

One size insert is adjustable in length that allow you to adjust the size of the insert from small, medium to large, which will last from the newborn stage through toddler-hood.

How to wash

Pre-wash:

Wash all diapers and inserts hot (104F/40°C max) at least once before use, using a cloth diaper safe detergent.

Wash new bamboo/hemp products hot with detergent 3-5 times to bring them to maximum absorbency. No drying is needed between washes.

Daily wash:

Shake off poop into the toilet. Cold pre-wash, no detergent. Wash hot (104F/40°C max) with detergent. Extra rinse. No laundry additives. Line dry or tumble dry low. No bleach. No fabric softener.

Things to note:

Shrinkage is normal and to be expected when prepping natural fiber inserts, for hemp inserts, up to 10% shrinkage may occur after washing. It may appear slightly hairy when washed more than 3 times due to the material characteristics, it is not a quality issue. Excessive drying or hot washing at a temperature above 105F may cause the fabric to deform and curl the edges, is not a quality issue.

# Headband & Bow

## Composition:

Headband: Super Soft Elastic Nylon

Bow: 100% Polyester

## Details:

The bows are available in polyester and minky.

The headband is made of super soft elastic nylon, it can be stretched manually for a perfect fit, it will not leave any marks on the baby's head.

## Things to note:

To ensure safety, please do not let babies wear the headbands and bows while sleeping or without supervised by the adults.

Nylon headband should avoid scratching, please make sure to use it within a suitable head circumference.

## Wet/Dry Bag

### Composition:

100% polyester with waterproof TPU laminate  
PVC free and lead free zippers.

Wet Bag-M

Size: 16 inches\*12 inches

Wet Bag-L

Size: 27.5 inches\*16 inches

# Diaper Pod

## Composition:

100% polyester with waterproof TPU laminate

PVC free and lead free zippers.

Diaper Pod-M

Size: 12 inches\*6.5 inches\*5.5 inches

## Details:

Waterproof TPU laminate which make the wet bags soft, durable and flexible.

The PVC free and lead free zipper is tested to be safe for babies. wet bags and diaper pods are perfect for holding diapers, toys, accessories, toiletries, electronics, travel and more. Wet bags also allow you to carry your wet and dry items in the same bag while keeping your dry items dry and your wet or soiled items separate.

## How to wash:

Washing Tips:

Machine washable. Wash with cold or warm water, the maximum temperature is 104F/40°C. Tumble dry low or hang to dry. No bleach or softeners.

Things to note:

Wet items must be fully wrung out before placed in the bag, excess water may cause leaks through the seams. Please don't store upside down as the zippers are not waterproof.
