Q&A

1.

Q: What should I do if the desk wobbly after installation?

A: Please make sure that the iron connector is installed correctly and here is no bend in the iron connector. If not, please try to bent it straight. If the iron connector is installed correctly, and it is not bent. You can try to reinstall the part B and part C. If the desk still wobbly after two ways are tried, please contact customer service.

2.

Q: What should I do if I find missing parts during installation?

A: Please look for them in the shipping box if some parts were lost. If you can't find it, please contact customer service, they will resend the replacement parts or provide other solutions for you.

3.

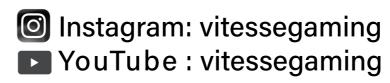

Q: What should I do if I find broken parts during installation?

A: Please contact customer service tell them what parts are broken and send pictures of the broken parts. They will send the replacement parts or provide other solutions for you after the customer service confirmed.
