**2**

**3**

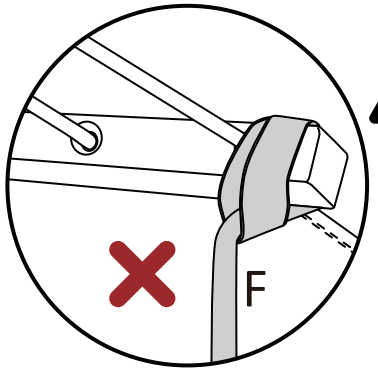

## 4

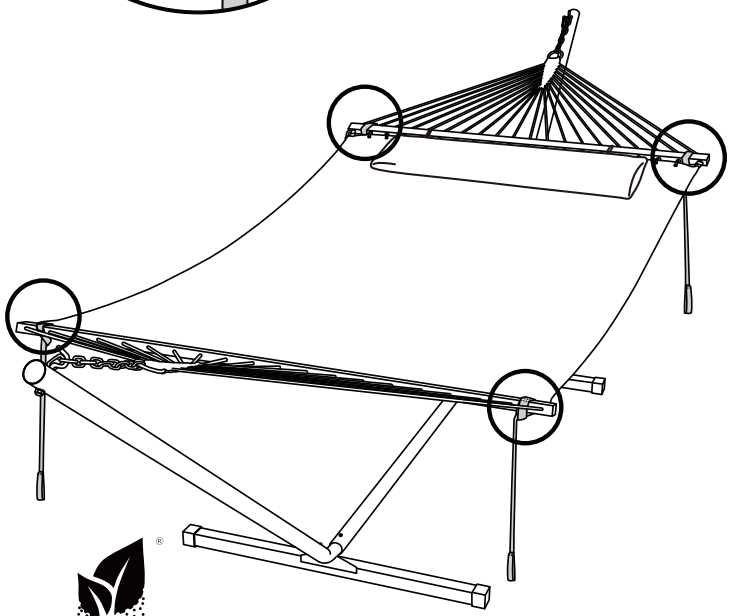

- Loop the strap around spreader bar. Thread the adjustable end through the webbing end with single loop.

Ensure the stabilizer strap is fixed between the first and second holes at one end of the spreader bar.

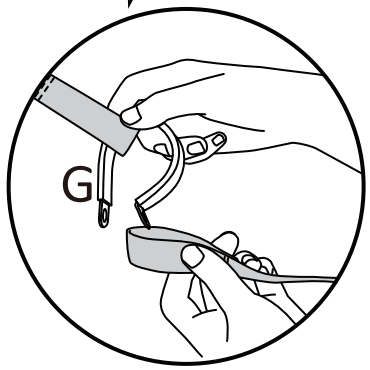

⚠ **Attention!** Do not fix the strap outside the outermost hole of the spreader bar to prevent it from slipping off during use.

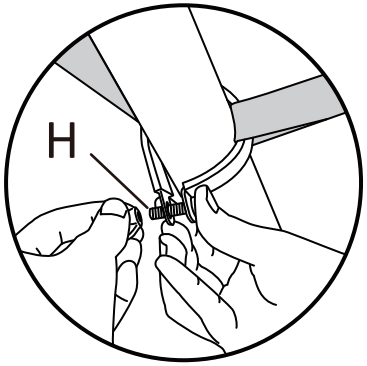

SUNCREAT OUTDOOR LIVING

## 5

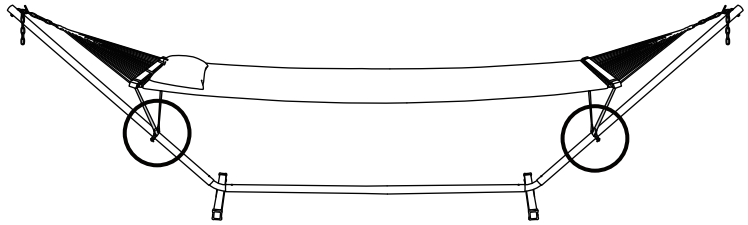

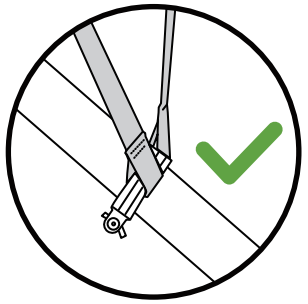

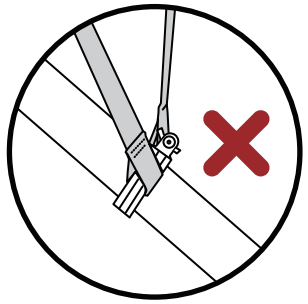

- Insert the loop at the adjustable end of the strap into the clamp.

- Fix the clamp in the middle of the hanging rod.

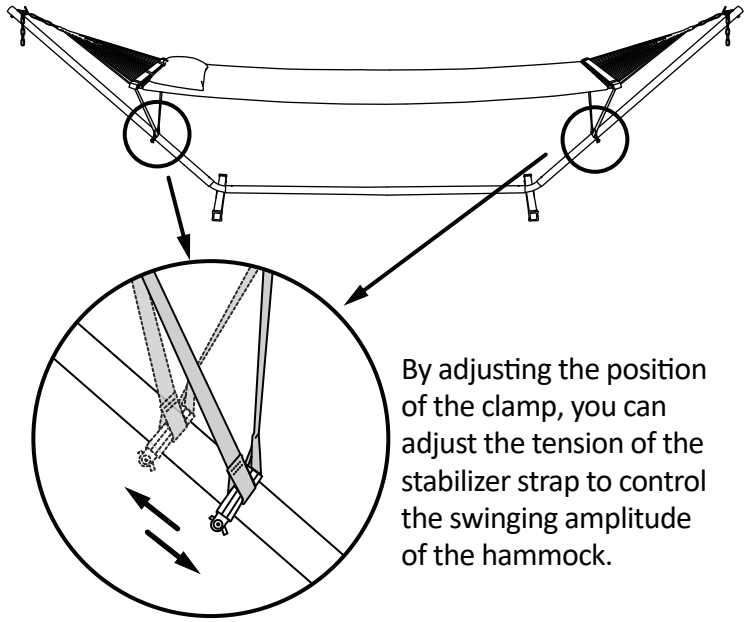

⚠ **Attention!** Install part H on the outside of the hanging rod. Do not install part H on the inside of the hanging rod.

## 6

By adjusting the position of the clamp, you can adjust the tension of the stabilizer strap to control the swinging amplitude of the hammock.

## USAGE

- The maximum load capacity is 475 lbs.
- Please ensure that the hammock stand is used on a flat, level surface.
- When using the hammock for the first time, please sit on the middle of the hammock.

## CARE

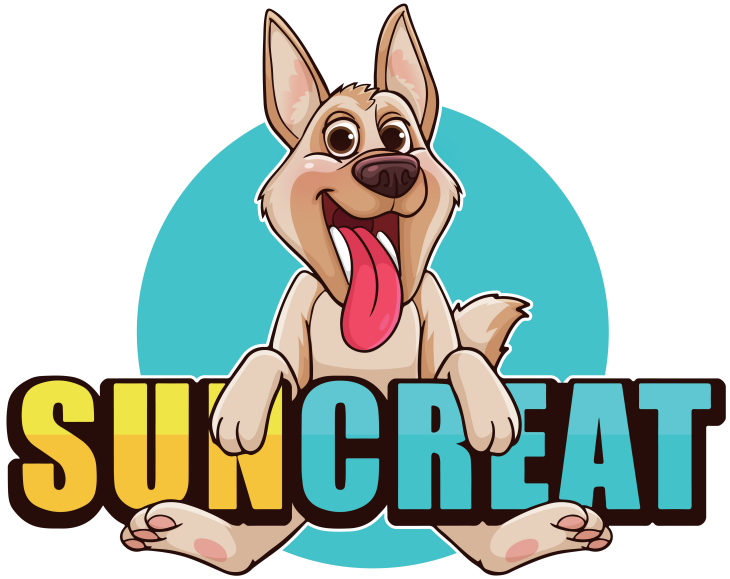

- DO NOT machine wash the hammock. To clean, stretch the hammock out on a dry, non-abrasive surface, and wash it with a garden hose. Scrub it with mild soap and rinse thoroughly with water. Leave it to dry under the sun, then store it back promptly in a proper place.
- Store the hammock in a cool & dry place when not in use during winter months.
- Your hammock is made of high quality material, but for extending the usage life, please keep out of the rain and direct sunlight when the hammock is not in use.
- Remove any dirt and moisture before storing the stand.

## IMPORTANT SAFETY INSTRUCTIONS

Failure to follow the safety instructions below could result in serious injuries or property damage.
Save these instructions for future reference.

## WARNING

- Never place infants or pets on the hammock.
- Never allow young children to use hammock without adult's supervision.
- Never attempt to adjust hammock height or drape it while in use.
- Always inspect your hanging kit, parts, and hammock before each use to ensure safety.
- Always place your weight on the center of the hammock, not on either edge.
