# HG-815 USER MANUAL

## Hygger Aquarium Magnet Cleaner

Hygger aquarium magnet cleaner used as scrubber and scraper, suitable for freshwater and saltwater tanks. Please read this user manual carefully before using and follow strictly in accordance with the manual.

⚠ WARNING: Don’t use stainless steel blade for acrylic.

## 1. PRODUCT FEATURES

**Super Strong Magnetism:** This hygger aquarium magnet cleaner is made of pricy rare earth magnet, with strong magnet which will stick on the fish tank firmly and securely.

**Multi-function:** The cleaner can be used as scrubber or scraper. The black scrubbing pad is covered in hook, velcro-like fabric which will scrub away soft algae, also can protect the tank from scratch. Stainless steel blade and plastic blade can scrap the coralline algae and so on.

**Special Blade:** The stainless steel blade working side is rounded edge design, not sharpened edge. So its safety for tanks and user.

**Practical Appearance:** This ABS wood-like appearance grip seems nature. Ergonomic designed curved handle is easy to handed.

**Float Design:** Once take down wood-like grip, the black scrubber pad bounce to float on the surface of aquarium which you can fetch it without getting your hands wet or disturbing any of your fish or plants.

## 2. METHOD OF APPLICATION

The two blades are interchangeable and easily replaceable

To take down the blade takes a little force: thumbs on both sides of the blade to push out, but be careful with your fingers while installation.

## 3. ATTENTIONS:

- ✓ Please read this user manual carefully before using and follow strictly in accordance with the manual.
- ✓ Please install and undo the blades carefully, also handing it well, because of blade edge.
- ✓ Please more caution with this very strong magnet, do not put your fingers between the two pads, simply rotate 1/4 turn to separate cleaner.
- ✓ Please keep the magnet cleaner away from children, due to strong magnetism.
- ✓ Please don't wear pacemakers and implanted heart defibrillators devices when you use the magnet cleaner.
- ✓ Please rotate one of the pads by 90 degree to separate the two pads, when them are together.
- ✓ Please make sure magnet cleaner stay away from high temperature that may cause demagnetization.
- ✓ Please keep a distance with all magnet-prone items, scissor, for example.
