

How to set my device as default?

First, search for "Control panel" in the lower-left corner, then open it.

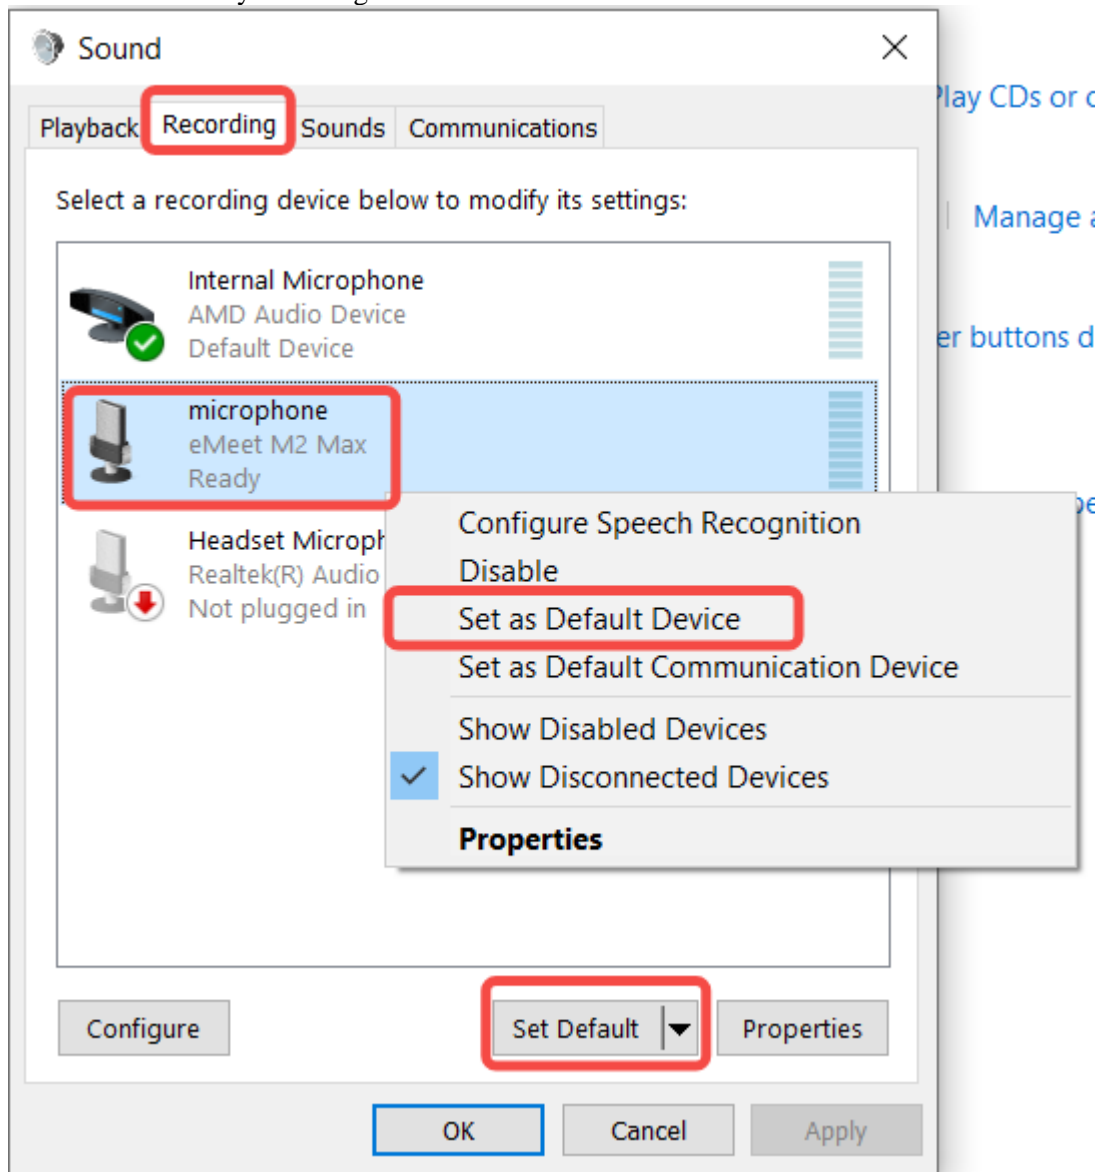

Click "**Hardware and Sound**", then select "**Manage audio devices**" in sound.

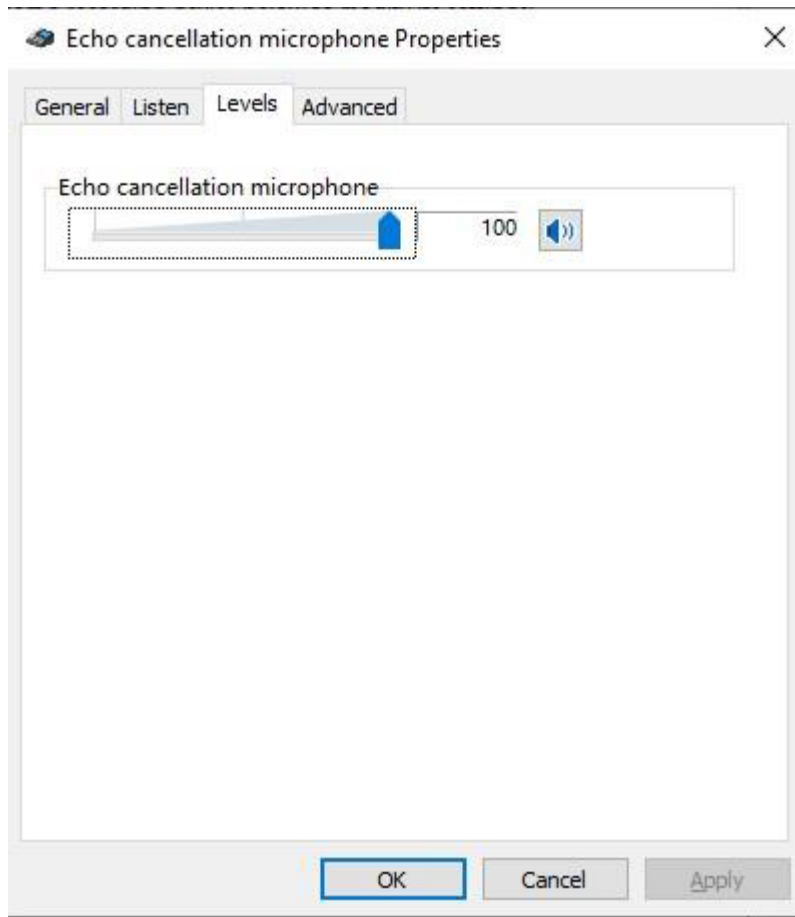

1. Set M2 Max as the default microphone

- Click the **Recording** tab on the top of the displayed setup window.
- Select EMEET M2 Max under the tab, and then click the **Set Default** button.
- Click OK to save your changes.

If you want to adjust the microphone volume

Double click the microphone(EMEET M2 Max) and then click "levels".
 Drag the slider to the volume level you want, and click "OK" to save the changes.

2. Set M2 Max as the default speaker

- Click the Playback tab on the top of the displayed setup window.
- Under the tab, select EMEET M2 Max, and then click the Set Default button.
- Click OK to save your changes.
