

How to start a meeting on Microsoft Teams

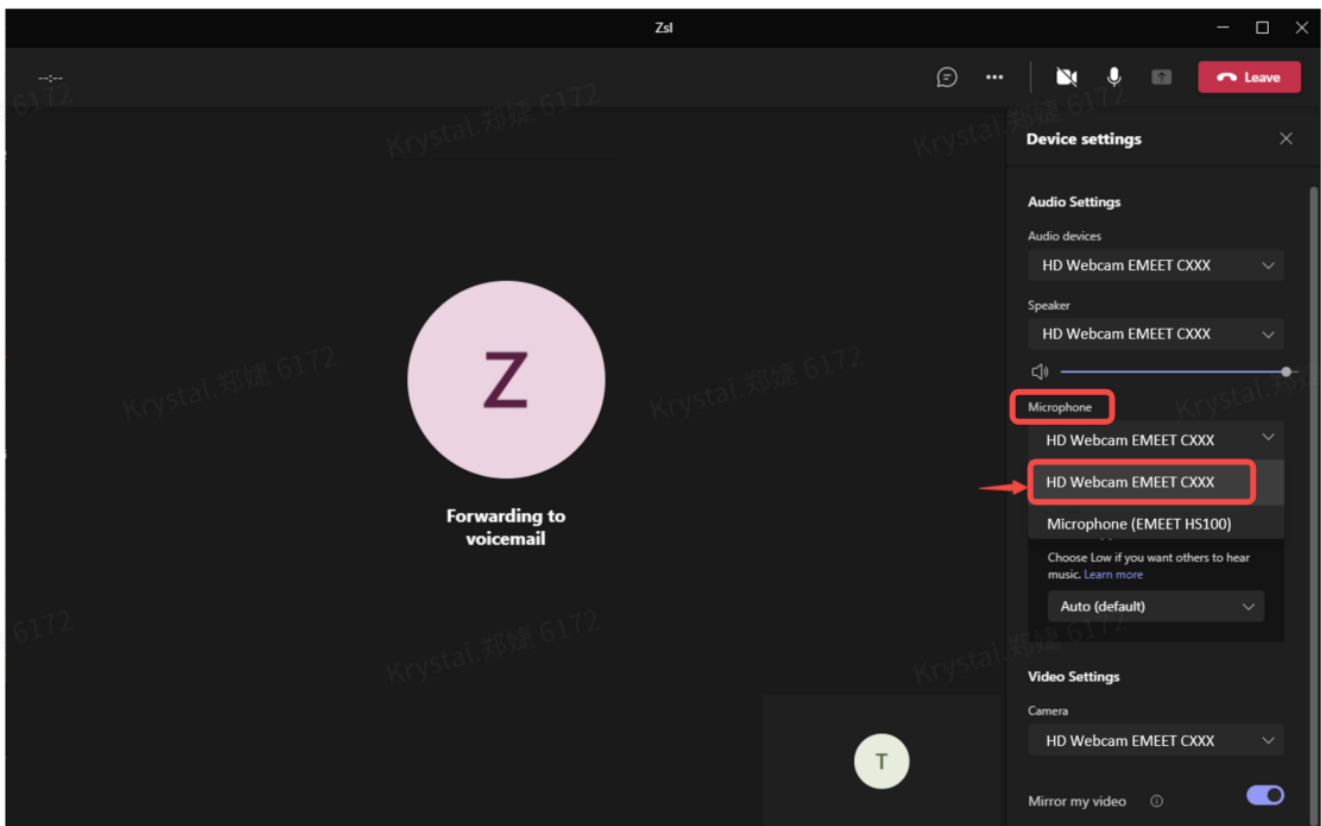

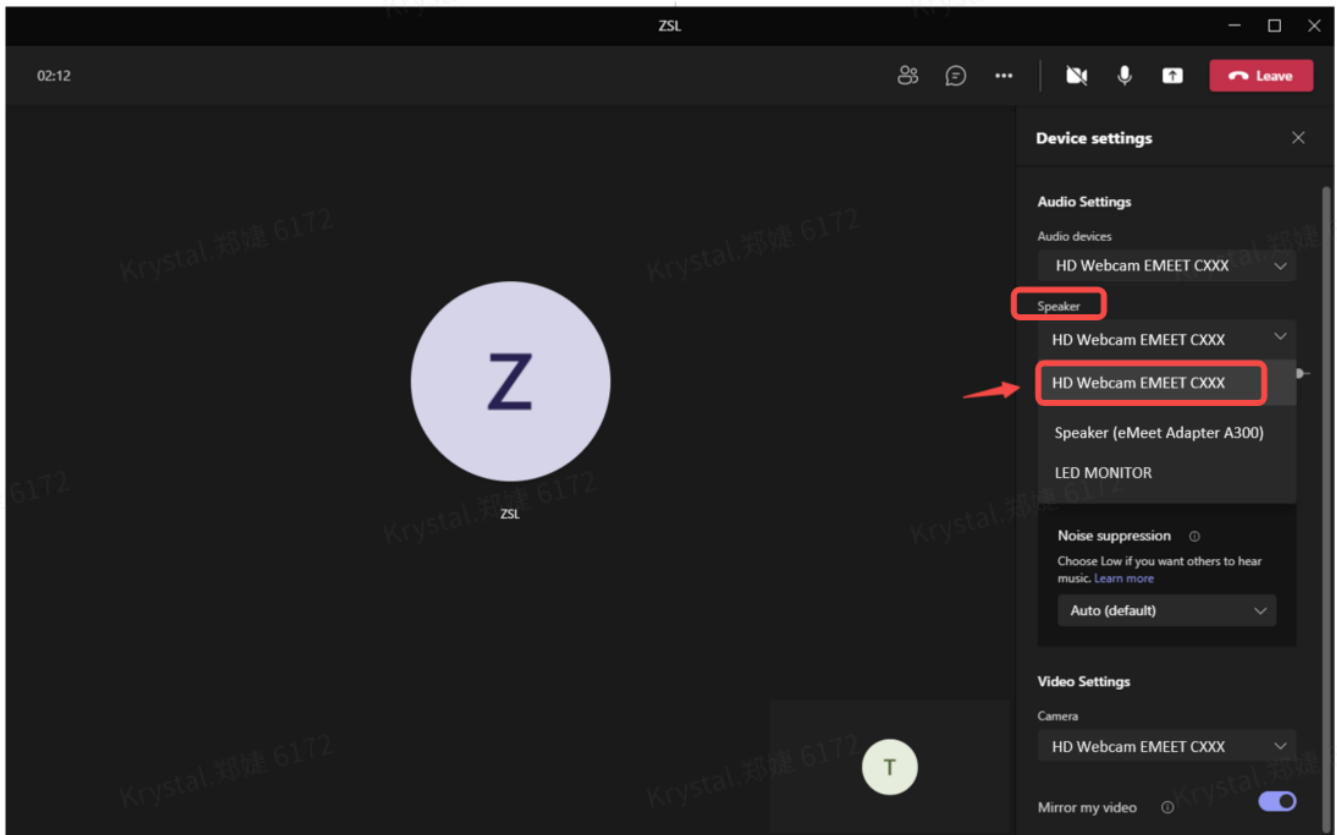

1. In the Microsoft Teams main window, click your profile picture in the top right of the window then select **Device Settings** from the drop-down menu.

2. Choose HD Webcam eMeet CXXX as your **Audio device**(Speaker & Microphone).

Kindly remind: Only C980 Pro, C990, Jupiter has the speaker, which can be selected as the default microphone.

3. Scroll down to **Camera**.
4. Choose HD Webcam eMeet CXXX as your **Camera**
