

Fold Mount For Microphone

感谢您使用本公司出品的x36麦克风支架产品

该产品由高强度铝合金金属制成，在标准模式下最大负载可达1.5千克/3.5磅。
(*可调节轴承容量：如果您悬挂较重/较轻的麦克风，可以增加/减少拉伸。)
x36麦克风支架配有 3/8 英寸(约 1.9 厘米)螺丝和 3/8 英寸(约 1.9 厘米)至 5/8 英寸(约 1.9 厘米)金属螺丝适配器。兼容多种型号的麦克风防震支架和大多数重或轻质麦克风，如 Blue Yeti、Nano、Razer mini、Shure SM7B、ShureMV7、Shure SM7B、RODE、HyperX Quadcast、Audio-Technica AT2020 和其他重型麦克风。适用于电脑、游戏室、工作室、播客、播音主持、会议讲话、tiktok、YouTube、流媒体等。

本产品包含以下配置：

麦克风臂套装 * 1

5/8 英寸螺母 * 1

3/8 英寸垫片 * 1

电缆扎带 * 5

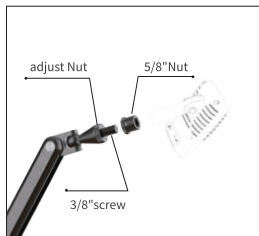

内六角 * 1

使用方法

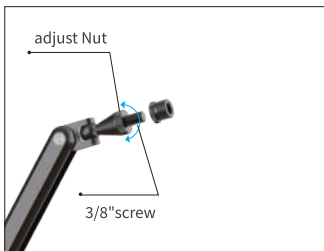

1、x36麦克风支架+防震夹

2、X36麦克风支架+3/8 英寸螺母或者3/8 英寸至5/8 英寸金属螺母适配器。

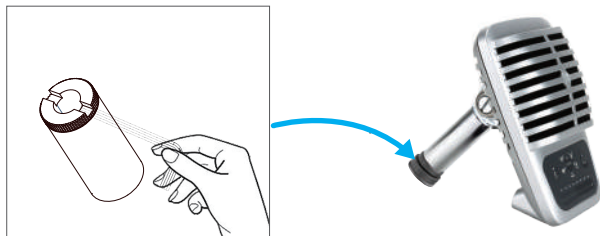

3、X36麦克风支架+3/8 英寸螺母使用方法。

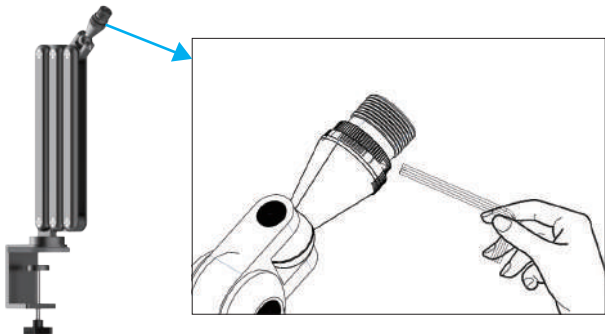

注：当麦克风设备位置，达不到理想状态时，请通过适当调节3/8英寸螺母位置！

注意事项：

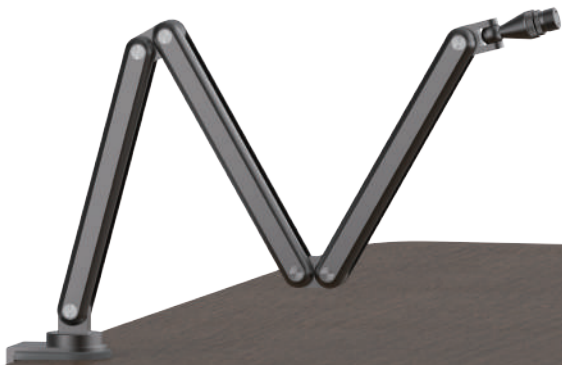

1、使用后X36麦克风支架，遇到3/8滚花薄螺母留在麦克风设备上，造成无法拆卸情况！

2、使用X36麦克风支架使用后，3/8滚花薄螺母留在麦克风支架上，造成无法拆卸情况！

Fold Mount For Microphone

Thank you for choosing our X36 microphone stand.

The product is made of high-strength aluminum alloy metal, and the maximum load can reach 1.5kg/3.5lbs in standard mode. (*Adjustable bearing capacity: if you hang heavier/lighter mics, you can increase/decrease the stretch.) Our X36 microphone stand comes with a 3/8" screw and a 3/8" to 5/8" metal screw adapter, which is compatible with many microphone mounts and most heavy or lightweight microphones, such as Blue Yeti, Nano, Ice Snowball, Razer mini, Shure SM7B, ShureMV7, RODE, Hyperx Quadcast, Audio-Technica AT2020 and other heavy-duty microphones. So it's suitable for computers, game rooms, studios, podcasts, broadcast hosting, conference speeches, tiktok, YouTube, streaming, etc.

Package included:

Microphone Arm Stand * 1

5/8 inch Nut * 1

3/8 inch adapter * 1

Velcro strap * 5

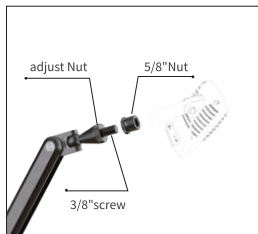

Hex Wrench * 1

Instructions

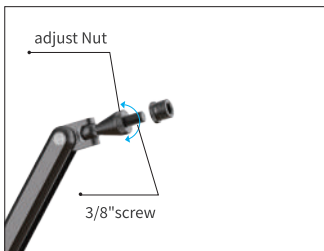

1. X36 microphone stand + shockproof clip

2. X36 microphone stand + 3/8-inch Nut or 3/8-inch to 5/8-inch metal Nut adapter

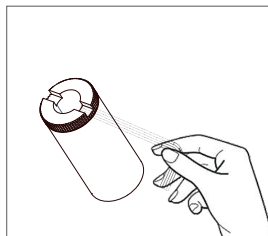

3.How to use the X36 microphone stand with 3/8 inch Nut.

Note: When the position of the microphone device cannot reach the ideal state, Please adjust the 3/8 inch Nut position properly!

Precautions:

1. After using the X36 microphone stand, the 3/8 knurled thin Nut is left on the MICROPHONE, making it impossible to disassemble, Please use the following tools to disassemble

2. After using the X36 microphone stand, the 3/8 knurled thin Nut stays on the microphone STAND, making it impossible to disassemble, then use the tools to take it off as shown below
