<p>Under-chin Wired Headphone</p> 	<p>3 Meters Extension Cable</p> 	<p>RCA Convert Cable</p> 	<p>3.5mm Headphone Jack Splitter (SM-901TVD)</p> 
---	---	--	--

2. Using Your Headphones

2.1 Basic Operation

Basic operation of the in-line audio control cable on the smart phones

Button	Function	Operation
 MFB (Multi-function Button)	Answer a call/End a call	Press MFB once
	Reject a call	Press and hold MFB for 3 seconds
	Play/Pause media	Press MFB once
	Next track	Double-press MFB
	Previous track	Triple-press MFB
	Activate voice recognition apps on your mobile device	Pressing MFB button for more than 3 seconds will activate voice command (e.g., Siri) when connected to an Android or an Apple device
 Volume (MAX-MIN)	Volume up	Slide upward gradually to MAX
	Volume down	Slide downward gradually to MIN

Note:

*Not all devices support this in-line remote control functionality.

* You may need to open the media player application for initial play back to start.

* If there is a phone call while you are listening to an audio, the phone call will take precedence over the audio, and after the call, it will automatically return to the previous listening state.

2.2 Using the Headphones with TV

A. For TV with only headphone jack, pls connect the extension cable first, then hook up to the TV headphone jack.

B. For TV with only RCA output, pls connect the extension cable and the RCA Convert Cable first, then hook up to the TV RCA output by the RCA end.

Note:

* For TVs with only Optical output, you will need to purchase a Digital to Analog Audio Converter for installation.

* For AV receivers with a 6.35mm phone jack at the front, you will need to purchase a 6.35mm to 3.5mm audio adapter for installation.

2.3 Using the Headphones to Listen Music.

2.4 Using the Headphones to Make a Call or Chat on-line.

Note:

- 1.MFB function is only available in smart phone.
- 2.To connect this headset to a PC or old version Laptop for use with VOIP applications, such as Skype or chat programs, MSN Messenger, Yahoo, Google Voice etc. You will need a 3.5mm Mic Audio Y Splitter Cable (purchase separately).

3.5mm Mic Audio Y Splitter Cable

2.5 If two people want to use headphones simultaneously, please use the supplied splitter (for SM-901TVD only).

Note: When using the supplied splitter, only the Volume (MAX-MIN) Button is available. Microphone will be paused during this circumstance.

3. Limited Warranty

180 days warranty: Simolio provides full warranty due to defects in materials and workmanship for a period of 180 days from the original date of purchase. The warranty period is not extended if we repair or replace warranted product.

This warranty is provided at the discretion of Simolio Ltd. And does not cover appearance damage or damage due to acts of nature, accident, misuse, abuse, negligence, commercial use, or modification of or to any part of the product. Accessories such as extended cable, headphone splitter and perishable items such as ear tips are not covered under this warranty.
