3. Features

(1) Three Switchable Volume Limited Levels for Hearing Protection

To protect vulnerable and sensitive ears of your kids. Slide the volume limiter switch to 75dB or 85dB to limit the output volume at the desired sound level.

Note:

* **WHO** advised the volume of 85dB is maximum a kid should be exposed to.

* When you are in a noisy environment (such as in a plane), you can adjust the volume for your kids to 85dB or 94dB appropriately.

(2) Hands-free Talking

The built-in HD microphone on the nylon braided cable guarantees clear, hands-free communication, with one multi-function button to control music play and phone calls.

(3) With Sharing Port, No More Audio Splitter is Needed

With a sharing port on the left side of the headphones, your kids can connect with another headphones to share the video/music with his friends without any splitters needed.

(4) Foldable & Durable Design

The foldable design makes these kids headphones easy to store and carry for travel or school. The adjustable headband with memory stainless steel strips give these headphones some impressive flexibility and durability so they can adapt to the shape of user's head and withstand rough play for kids.

(5) Comfortable Wearing

Equipped with soft on-ear cushions to provide premium comfort during long time listening.

4. Using Your Headphones

4.1 Adjust the 3-level volume limiter switch (94dB/85dB/75dB)

Slide the volume limiter switch to limit the headphones' output volume at the desired sound level for toddlers, kids or adults.

Volume Limiter Switch	Operation for Hearing Protection
94dB	For adults, the max output Vol \leq 94dB
85dB	For kids, the max output Vol \leq 85dB
75dB	For toddlers, the max output Vol \leq 75dB

4.2 Basic Operation (MFB for smart phones only)

In the nylon braided cable we have integrated a MFB button.

Button	Function	Operation
MFB (Multi-function Button)	Answer a call/End a call	Press MFB once
	Reject a call	Press and hold MFB for 3 seconds
	Play/Pause media	Press MFB once
	Next track	Double-press MFB
	Previous track	Triple-press MFB
	Activate voice recognition apps on your mobile device	Pressing MFB button for more than 3 seconds will activate voice command (e.g., Siri) when connected to an Android or an Apple device

Note:

* You may need to open the media player application for initial play back to start.

* If there is a phone call while you are listening to an audio, the phone call will take precedence over the audio, and after the call, it will automatically return to the previous listening state.

* Not all devices support this in-line control functionality. By using the 3.5mm Mic Audio Y Splitter Cable (purchase separately), you can connect this headphone to a PC or old version Laptop for use with VOIP applications, such as Skype or chat programs, MSN Messenger, Yahoo, Google Voice etc.

* MFB function is only available in smart phone.

4.3 Using the Headphones with Your Devices

Connect 3.5mm jack on the end of the nylon braided audio cable to your device. Select a desired volume level by the volume limiter switch. Put on the headphones and adjust the headband to your head size to optimize audio and wearing comfort. (Ref.Fig 3)

4.4 Use Sharing Port between Two Headphones

You can share your content like music with your friend by plugging his headphone into the 3.5mm sharing jack on the left side of your SIMOLIO headphone. (Ref.Fig 4)

Note: The volume limited function is only available for SIMOLIO headphones.

5. Safety Instructions

WARNING

Protect your hearing

Although SIMOLIO are volume limited, children are not recommended to be exposed to listening for more than 2 hours per time. Extended listening may negatively impact hearing.

Beware of your surroundings

Your headphones significantly dampen external sound. Do not in any case wear your headphones when you are required to pay attention to your surroundings.

⚠ CAUTION

Ensure that the headphones do not become wet, protect them from moisture, heat (e.g. during the summer in cars) and mechanical influences (e.g. severe shocks, pressure and dropping).

6. Limited Warranty

12 months limited warranty: Simolio provides full warranty due to defects in materials and workmanship for a period of 12 months from the original date of purchase. The warranty period is not extended if we repair or replace warranted product.

This warranty is provided at the discretion of Simolio Ltd. And does not cover appearance damage or damage due to acts of nature, accident, misuse, abuse, negligence, commercial use, or modification of or to any part of the product. Accessories and perishable items such as earmuffs are not covered under this warranty.
