Step 3

BATTERY PRECAUTIONS

1. Use only the size and type of battery specified.
2. Be sure to follow the correct polarity when installing the battery as indicated in the battery compartment, a reserved battery may cause damage to the device.
3. If the battery in the device is consumed or the device is not to be used for a long period of time, remove the batteries to prevent damage or injury from possible leakage.
4. Do not try to recharge the battery as it is not intended to be recharged, it can overheat and rupture. (Follow the battery manufacturer's instructions.)
5. The batteries shall not be exposed to excessive heat such as sunshine or fire.
6. Clean the battery contacts and also those of the device prior to battery installation.
7. The remote control is supplied with a coin/button cell battery. If the coin button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used battery away from children. If the Battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed any part of the body, seek immediate medical attention.

WARNING!

Button cell batteries can cause serious injury or death if swallowed. Dispose of safely! Store batteries out of reach of children!

OPERATIONS

1. Hanging the string lights on window or curtain as illustrated below.

Step 1: Wind the main string around the rod first

Step 2: Unwrap the drops

2. Plug the adapter into the AC outlet.
3. Aim the remote at the adapter, press the button on remote to switch on or off, set the desired lighting effects(mode 1-8), set the timer or adjust the brightness.
4. Press the mode button on adapter repeatedly to switch to 8 lighting modes if the remote can not be found.
5. Insert back the insulation tab to remote after operation for storing.

END TO END CONNECTION

The string lights can be extended with same strings, DO NOT exceed max connectable strands, or it may lead to risk of damage.

TROUBLESHOOTING

1. If the string lights do not work, make sure the adapter is plugged firmly.
2. If the string lights do not work, make sure it is turned on.
3. If the remote does not work, the battery may exhaust, replace a new button cell for it.
4. If the remote does not work, keep it closer to the Adapter.
5. If the above cases do not work, ask a professional electrician for help or contact us.
