## Folding Instructions

Step 1:  
Standing to one side of the tent, grab the opposite side and pull it towards you folding the tent flat.

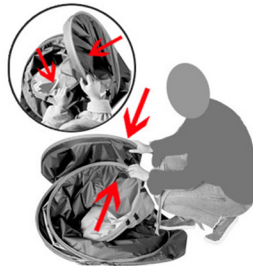

Step 2:  
Folding the tent in half toward you so that the top of the tent touches the bottom. With one hand, grab the top and bottom of tent, making sure you get both pieces at the bottom. You should now be holding the tent between two loops.

Step 3:  
Pick up the tent and rotate it 90 degrees so that it is now sitting with one loop on top of the other.

Step 4:  
Grab the top loop (I) with one hand while holding the side of tent with your other hand (II).

Step 5:  
Fold loop (I) down and under itself as your other hand (II) rolls over the top.

Step 6:  
Release tent with your top hand (II) and allow the tent to slide over and collapse on top of itself.

**CAUTION: THE SHADE POPS UP INSTANTLY**
