

# ropoda Giant Tumber Tower

As an additional bonus, our settings include some printed numbers on the bottom of some blocks and corresponding custom rules sheet, also, you can get a dice.

Make up your own rules by incorporating the dice or rules sheet into the game! Don't want to mess with an already great set of rules? No problem! Leave the dice or rules sheet out.

- **Use a Dice**

Whatever number you roll, that's how many blocks you must move.

- **Customize the Rules with Rules Sheet**

Our settings include some printed numbers on the bottom of some blocks, you can make a chart of rules for each number. If a player draws a numbered block, they have to do whatever corresponds to that number: sing a song, miss a turn, or do five jumping and so on.

**WARNING**

CHOKING HAZARD -- Small Parts
