

GAAHLERI

GRAVITY FEED AIRBRUSH

Quick Start Guide

www.gaahleri.com

1

BEGIN

Begin by attaching the end of an airbrush hose (1/8" BSP) to your airbrush.

Attach the male part to airbrush and the female part to air source, pull down side to unlock.

2

PAINT

Put a few drops of paint in cup, dilute paints to look like milk if needed before pour into cup.

Some series of Gaahleri airbrush can be installed with different capacity cups to meet various spraying needs.

3

START AIRBRUSHING

Turn your air compressor on. Pull back the trigger to release air flow, continue pulling to release paint flow.

The preset fluid control knob (if equipped) can control the retracement of main lever.

4

PERFECT SPRAYING EFFECT

Too thick.

Perfect

Too thin.

Dilute paint
with THINNER.

Reduce air pressure.
or
Add undiluted paint.

ATTENTION

1. Please do some test on paper before painting. Use a tiny bits of paint or water.
2. DO NOT spray noxious, flammable, explosive material.
3. After finishing the work, please clean the airbrush as soon as possible (use airbrush cleaner).
4. Please take care when cleaning the needle and nozzle. Otherwise it may cause poor spraying effect, or even hurt yourself.
5. When not using Gaahleri airbrush for a long time, please clean it totally and place in good conditions.
6. Gaahleri airbrush is already pre-installed and full tested. If you have any question, please contact us through the email address provided at the end of manual.

5

DISASSEMBLE IN ORDER

[1] Remove the handle.

[2] Loosen the needle chucking nut[a], pull out the needle[b].

[3] Remove the air cap and nozzle cap.

[4] Remove the nozzle.

6

ASSEMBLE IN ORDER

[1] Put the nozzle, nozzle cap and air cap back.

[2] Please tighten the nozzle cap.

[3] Reinstall the needle[a], needle chucking nut[b] and handle[c]. Please avoid hitting the needle's front end.

Right combination.

Wrong combination.

The package includes two sets of needles and nozzles of different sizes. Incorrect matching may result in either excessive needle exposure or inadequate exposure. Please ensure to store them separately

7

ADD LUBE

[1] Remove part[a] ~part[e]
