All of our painted door styles feature solid wood painted face frames. As with any painted wood surface, expansion and contraction with changes in climate may cause fractures in the paint surface at joints. This is an acceptable characteristic and will vary based on climate conditions. In addition, there may be a slight color shift over time due to continued exposure to both natural and artificial light.

Full Overlay cabinetry is constructed from various pieces of solid wood and wood veneers. Differences in grain pattern and color should be expected. Color differences in wood are the result of variations in minerals found in the soil native to the tree's origin. Absorption of these minerals will vary by tree or parts of said tree. In addition, color changes can be experienced due to different exposure to light. All species of wood will display characteristics such as knots, pinholes, sap runs, mineral streaks and darkening with age. It is the natural beauty of wood to exhibit these characteristics and they will be present throughout your cabinetry.

Newport Mythic Blue and Newport Pacific White

Add a new level to your island by using desk height cabinets. These are good for baking area's or kids work spaces. To create the decorative panel look on the side of unique spaces, you can use our fillers and cut them to fit on the job site.

Newport Deep Onyx

Turn your laundry room into a room you enjoy being in! Add a large sink and drawers for easy clean-up and storage. Open shelves give easy access and an open feel to your new space.

Newport Blended Cream

Make wall storage open and airy using No Door (ND) cabinets and glass door cabinets (PFG) together with standard wall cabinets. These cabinets are available in all wall cabinet sizes we offer, so get creative!

Style Tips

Newport Mythic Blue and Newport Pacific White

To create the apron under the countertop turn fillers horizontally and cut to fit on the job site.

Franklin Manganite

Want countertop storage that is behind closed doors? Use wall bridge cabinets in 18" high, placed under standard wall cabinets to create this space. You can add dimension to your kitchen by making these cabinets 15" deep, and gain extra storage as well! No door bridge cabinets can help create an open feel to your space. Placing these above a baking area or desk area can give easy access to cookbooks, mixing bowls or nice décor! Make sure to purchase skin to conceal any seams.

Washington Veiled Gray

Using a full height door cabinet for your sink base can add a modern twist to your traditional kitchen. Make your new kitchen transitional!

Wall Cabinets

Range Hood Combo - Straight Valance

WRHC36S

- Available 36" width
- Includes Hood, Chimney, Hood Liner and Blower
- Chimney is trimmable to adjust the height
- Blower is 390 CFM, 6.0 sones, enclosed light
- Clearance of 3" on each side is recommended

15" Wide Wall Skin

WSK1542

- 1/8" thick plywood finished with vinyl laminate color matched to cabinetry face frame
- Field modified and installed
- Can be modified for shallower depth and shorter wall cabinets

Placing wall cabinets next to a return wall

When placing cabinets against a side wall, use a minimum of 3/4" filler between wall and cabinet to allow doors to open

Staggering Upper Cabinets

When using the WA271536/42 corner cabinets, make sure to place a 3/4" filler next to adjacent cabinet if the adjacent cabinet is shallower.

Using the Wall Cabinet with accessories

Make sure to allow proper clearance on each side so doors can open 90 degrees or more. This will allow the interior accessory to pull down correctly.

Using ND Base Cabinets

Customize the depth of B24ND down to 12" you can use it on the end of a cabinet run for an interesting transition in the kitchen. This option is shown with a MWEP30 on the exposed side of the ND (no door) cabinet to mimic a finished door.

Using ND Base Cabinets

Use only one adjustable shelf in a B24ND or wider in your laundry room to allow space to store laundry baskets.

Base Filler Pull outs

If placing next to a wall - Must use BP1.5 or BP3 between wall and pull out.

Base Cabinets Design Tips

Designing Around a Range

Make sure to give landing space on each side of a cooking appliance when placing in design.

Clearance for Roll Out Trays

Be sure to leave enough clearance for doors to open at least 90 degrees. This will allow the roll out trays to be operated correctly.

Blind Cabinets with Drawers

When placing a blind base cabinet, cabinet with drawer or trash pull out, make sure to allow enough clearance so drawer/pull out will open fully.

Make sure to leave enough space to allow drawer to open if placing around corner from range or appliance.

Using a Sink Front Angle

For sufficient dishwasher door clearance and loading/unloading space, a 15" wide base cabinet is recommended for use between a corner sink base and dishwasher.

Built-in Microwave Base Modification

This assembly requires a drawer base, either 24" or 30" wide - depending on the size of the built in microwave you purchase separately.

Assembly requires the onsite removal of the top two drawers from the cabinet. Consult the manufacturer specifications for cut out dimensions, as additional modification may be required.

Depending on the cut out dimensions the use of a filler (FS30), to fill the gap between the bottom of the microwave and the drawer. Consult the manufacturer specifications for proper support and possible use of a trim kit*.

*Trim kit and microwave will be purchased independently from supplier of your choice.

The Universal Oven cabinet will need to be modified on the job site to fit your specific appliance. By removing the drawers and stiles between the drawers you can achieve an opening height between 21" and 60", and a maximum width of 30". The height of the upper doors will not be affected with these modifications. Your appliance size and the amount of modification required will determine if the drawers will be able to be used. In some instances, the top drawer may be dropped to the bottom position, thus allowing a drawer to remain. Installation and modification of the cabinet is completed on your job site, not in the factory. Support for the appliance is not supplied by the cabinet company and will need to be determined based on appliance manufacture requirement.

Tall Cabinets Design Tips

Customizing the Depth of a Tall Cabinet

Customize the depth of a 24" wide utility cabinet (U242484, U242490, or U242496) down to 12" and use it facing out next to a refrigerator or another utility cabinet for shallow food storage, storing brooms/mops, or create a hidden message center.

Clearance for Roll Out Trays

Make sure to leave enough clearance for door to open at least 90 degrees when placing next to wall or refrigerator cabinet.

Customizing the Depth of a Tall Cabinet

A narrow alcove in your kitchen or a pantry like storage area can be transformed into an entire wall of open and closed storage by using a combination of ND and Standard Utility cabinets with a reduced depth.

Customizing the Depth of a Tall Cabinet

Customize the depth of a 24" wide Utility cabinet with no doors (U242484ND, U242490ND, or U242496ND) down to 12" and use it facing out next to a refrigerator or another utility cabinet for open storage and an interesting transition in the kitchen.

Semi-Custom Kitchen & Bath Cabinetry

Limited Lifetime Warranty

Ideal Cabinetry® (warrantor) warrants to the original consumer purchaser, that all products manufactured or supplied by warrantor will be free from defects in material and workmanship. This warranty is for your lifetime as long as you own the cabinetry, on product used for Residential Purposes only and is not transferable to subsequent owners. Proof of Purchase is required.

This warranty does not cover damage resulting from normal wear, accident, misuse or lack of reasonable and necessary maintenance and service; nor does it warranty the improper installation or unauthorized repair, alteration, or modification or defects in the product when the product is installed. This warranty is limited to the repair or replacement of the defective part at the sole discretion of warrantor. Warranty is limited to Home Decorators Collection branded products excluding all electrical components: Excluded items may carry separate warranties as provided directly by the manufacturer of these products.

It is our option to provide repair parts or replace with functionally equivalent product. Return of product may be required for replacements. Such repair parts or replacement shall be at warrantor's expense, but customer shall bear all other expenses, including, but not limited to, cost of removal, transportation, re-installation, communication and any special service required by customer such as, overtime labor, etc.

Natural woods and finishes vary in color, grain pattern and exhibit color changes over time. Cabinets may darken or lighten with age due to exposure to certain environmental conditions including but not limited to sunlight, moisture, household cleaners, smoke, etc. Painted cabinets may show cracking at seams. These variations are considered the natural characteristics of the material and finishes and are not covered under this warranty.

In the event of a warranted product performance issue, submit request including proof of purchase documentation, specific description of warranty issue (include photos) in writing to:

Warranty Department
210 Century Boulevard
Bartow, FL 33830

Due to nature of materials and finishes Ideal Cabinetry cannot guarantee warranty replacement will be an exact match.

Ideal Cabinetry reserves the right to alter design, specifications and material without obligation to make changes to product previously manufactured.

EXCEPT TO THE EXTENT PROVIDED BY APPLICABLE LAW, ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED IN DURATION TO THE SHORTER OF THE PERIOD PROVIDED BY LAW OR THE PERIOD OF THIS WARRANTY, AND UNDER NO CIRCUMSTANCE SHALL HOME DECORATORS COLLECTION BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SUSTAINED IN CONNECTION WITH THE PRODUCT. THE EXPRESS WARRANTY ABOVE CONSTITUTES THE ENTIRE WARRANTY AND IS IN LIEU OF ALL OTHERS EXPRESSED OR IMPLIED.

Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitation on how long an implied warranty lasts, therefore, the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

INDEMNITY

Ideal Cabinetry shall not be liable for either its failure to perform or its delays in performance hereunder arising out of or resulting from causes beyond its control, including but not limited to, acts of God, acts of Representation, acts of Government, wars, fires, floods, epidemics, quarantine, strike, freight embargoes, weather or default by suppliers due to any such causes.
