WINE PRESERVING

Long time exposure of an opened bottle of wine to the air can lead to loss of flavor due to excessive oxidation. Tight sealing or further vacuum preserving helps prolong the preservation time and keep the flavor and freshness of wine.

Automatic Vacuum Wine Stopper to Free Your Hands

Automatic Air Pressure Detection to Maintain Constant High Vacuum Degree

Keep Opened Wine Fresh for Up to 7 Days

LED Screen for Data Monitor

Lithium Battery, Rechargeable with USB Cable

Comply With CE, FDA, RoHS, FCC and UKCA Requirements
