Package Contents

1*GameSir GM200 Gaming Mouse
1*User Manual

System Requirements

*Windows 7(or higher) or Mac OS
*200MB Storage Space

Product Overview

The Stored Profiles function of GameSir GM200 Gaming Mouse is capable of storing up to 2 profiles from GameSir G-Core GM200, which allows you to use this product in any system without installing GameSir G-Core GM200 system.

GameSir GM200 Gaming Mouse can also store your current profile temporarily until it is fully replaced with a new active profile. Switching the profile button allows you to change between FPS games mode/ MOBA games mode.

When configuring, the RGB lighting effect located underneath the mouse will continuously blink twice. There will also be clear indication on the top left corner of your screen.

7

Safety Guide

To ensure your safety while using GameSir GM200 Gaming Mouse, we strongly recommend you to follow the instructions below:
1. Avoid direct eye-contact with the tracing light beam of the mouse or irradiating others' eyes. Please note that tracing light beam "cannot be seen" via naked-eyes, and it is set to "permanent connection" mode.
2. Please DO NOT disassemble the product by yourself, or the warranty might be invalid. DO NOT fix the product nor operate the mouse under abnormal current load.
3. If you are experiencing problems with the device malfunctions or issues cannot be resolved by troubleshooters, please unplug the device and visit https://gamesir.hk/ and ask for help.
4. Avoid exposing the product to liquid or to humid environment. Use the product only in specified temperature range (32°F to 104°F/ 0°C to 40°C). If ambient temperature is out of range, please unplug the product, power it off, and wait till the temperature stabilizes within the range.
